Financial Services

Jeffrey A. Moore, CPA
DIRECTOR

November 24, 2014

The Honorable Mayor James Davis
Members of the City Council
Interim City Manager Randy McCaslin
And the Citizens of the City of High Point, North Carolina

We are pleased to present the Comprehensive Annual Financial Report (“Report”) of the City of High Point, North Carolina (City) for the fiscal year ended June 30, 2014. We are extremely proud that this report has been prepared in its entirety by the City's Financial Services Department. The financial statements and supplemental schedules have been audited by the independent certified public accounting firm of McGladrey LLP, and that firm's unmodified report is included in the Financial Section of this Report. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data as presented is accurate in all material aspects and that it is presented in a manner designed to fairly set forth the financial position and results of operations of the City as measured by the financial activity of its various funds. All disclosures necessary to enable the reader to gain the maximum understanding of the City's financial activity have been included.

General

The financial statements have been prepared in compliance with the applicable requirements of the General Statutes of North Carolina and are consistent with the standards and guidelines recognized for governmental accounting and reporting contained in both *Audits of State and Local Governments*, an audit guide prepared by the Committee of Governmental Accounting of the American Institute of Certified Public Accountants (AICPA) and *Government Auditing Standards*, issued by the Comptroller General of the United States. Among other resources used in the preparation of the Report, the Financial Services Department has given particular attention to the *Governmental Accounting, Auditing and Financial Reporting* (GAAFR), issued by the Government Finance Officers Association of the United States and Canada (GFOA), and Governmental Accounting Standards Board (GASB) pronouncements.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal, and should be read in conjunction with it.

The City is also required to undergo an annual compliance audit on federal and state financial assistance programs in conformity with the provisions of the Single Audit Act Amendments of 1996, the State Single Audit Implementation Act, and U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Nonprofit Organizations*. The auditor's reports and the Schedule of Expenditures of Federal and State awards, required as part of a single audit, are found in the **Compliance Section** of this report.

The City of High Point has participated in the GFOA Certificate of Excellence Program since 1980. The GFOA recognizes governmental units that issue their comprehensive annual financial reports (CAFR) substantially in conformity with the standards of the GASB. The GFOA awarded a Certificate of Achievement for Excellence in Financial Reporting to City of High Point, North Carolina for its CAFR for the fiscal year ended June 30, 2013. This marked the 27th time the City has received the Certificate of Achievement since 1980, and the 19th consecutive year in a row.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized CAFR, whose contents conform to program standards. The Report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Reporting Entity

In conformity with the standards of the GASB, this report includes all funds of the City, as well as its component unit. The City of High Point (as legally defined) is considered to be a primary government. Component units are legally separate entities for which the primary government is financially accountable or for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The primary government is considered financially accountable if it appoints a voting majority of the organization's governing body; and 1) it is able to impose its will on that organization, or 2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burden on, the primary government.

Discretely presented component units are reported in a separate column in the Government-wide financial statements to emphasize that they are legally separate from the primary government and to distinguish their financial position, results of operations, and cash flows from those of the City. The High Point ABC Board is included as a discretely presented component unit. The ABC Board's governing members are appointed by the City Council. However, the City has no further accountability for its operations.

Description of the City

The City of High Point is centrally located in the heart of the Piedmont region of North Carolina. High Point is unique – the City is the only municipality in North Carolina whose city limits encompasses parts of four counties. Most of the City is located within the southwest quadrant of Guilford County; approximately two percent of the City's area extending into neighboring Randolph, Davidson and Forsyth counties. The City covers over 55 square miles and has a population which exceeds 109,000.

The City is empowered by State Statute to levy an ad valorem property tax on the appraised value of all real and tangible personal property located within the City. The respective counties mentioned above are the only other governmental units levying such taxes within the City's corporate limits. The City is also empowered to extend its corporate limits by annexation.

Form of Government

The City has a Council-Manager form of government. The Council is the legislative body of the City government with the Mayor as a voting member and the presiding officer. The Mayor is elected on an at-large basis for a two-year term. The remainder of City Council is composed of two at-large members and

representatives from six voting wards. Council members are elected on a non-partisan basis and serve two-year terms. Elections are held in November of even-numbered years. In November 2014, the citizens voted to approve a city charter amendment which will change the elections to be held in November of odd-numbered years, beginning November 2017. The City Manager, the chief executive officer, is appointed by and serves at the pleasure of the Council. He is responsible for carrying out the policies and ordinances of the Council and administering the daily operations of the City through appointed department heads.

The City provides a wide range of services for its citizens, including law enforcement, fire protection, public safety, planning and developmental services, sanitation, street maintenance, cemeteries, cultural and recreational activities, general administration, community development and library services. In addition to these general government activities, the City provides and maintains water, sewer, electrical, and storm water utilities, a landfill and recycling operation, a public parking system, and a mass transit system for the benefit of its citizens. This report includes all the City's fiscal activities in maintaining these services. The City also extends financial support to a variety of boards, agencies and commissions to assist their efforts in serving citizens.

Business and Economic Development

The innovation of traditional industries, the cultivation of new and high-tech industries, the growth of internationally based companies, and the celebration of the entrepreneurial spirit define business in High Point.

A globally-connected city, High Point earns its nicknames as *North Carolina's International City™* and *Home Furnishings Capital of the World™* :

- More than 75 internationally headquartered companies have year-round facilities in High Point – giving the city an impressive 37% of all such foreign-based companies in its 12-county region.
- The High Point Market – the world's largest home furnishings trade show – brings to town approximately 14,000 foreign guests each year. Those visitors represent more than 110 countries.
- According to an October 2013 Duke University study, the Market contributes over \$5.4 billion in economic impact to the overall regional economy, while providing more than 37,000 jobs. Approximately \$198 million worth of local and state taxes/fees flow to those governments due to the Market.
- Scores of international companies show their products twice each year at the High Point Market.
- City government encourages foreign investment and works closely with both its internationally-owned companies and foreign clients considering opening operations in High Point.

High Point and the Piedmont Triad region boast a superb location for manufacturing/distribution/logistics. High Point is at the center of it all -- centered between New York City and Miami, centered between Washington and Atlanta, centered between Charlotte and Raleigh/Durham/Research Triangle Park. High Point is part of North Carolina's Piedmont Triad region, the nation's 37th largest metro area with over 1.6 million residents. The ground transportation network is anchored by four interstate highways (I-40, I-85, I-73 and I-74). When coupled with the area's high-speed rail corridors and Piedmont Triad International Airport (PTIA), High Point is a great place to do business.

PTIA is less than one mile from High Point's city limits and is centrally located for easy access throughout the region. Currently the airport has 50 non-stop passenger flights daily and a multi-modal air cargo facility with virtually all major trucking lines operating terminals nearby. Flexibility of congestion-free air space, on-going expansion, regularly-scheduled international service and independent cargo support allows PTIA to handle virtually all types of cargo.

PTIA is the site of the Mid-Atlantic Hub for FedEx. The first phase now in operation moved local FedEx ramp operations into 500,000 square feet of the new one million square foot facility. Sixty-five flights per week are

currently operating out of the new hub. In addition, PTIA recently opened its third runway - a new 9,000-foot public runway with related airfield improvements, which offers benefits to both freight and passenger service.

FedEx Ground opened a major “super hub” distribution center in 2011. The 415,000-square foot distribution hub, located in the Guilford County part of Kernersville, is just north of the High Point city limits. The City of High Point invested \$2.8 million to extend a sewer line under Interstate 40 to serve the FedEx Ground site and adjacent areas. That utility connection came as a result of a High Point / Kernersville partnership. Up to 1,400 workers could be employed by 2020 at FedEx Ground.

The North Carolina State Ports Authority operates an inland terminal just outside High Point. Containers are transported to deep water ports in Wilmington and Morehead City, NC. Ports in Charleston, SC; Savannah, GA; and Norfolk, VA also serve the area. Additionally, regional and continental rail freight services are provided by Norfolk Southern and CSX. Passenger rail service by Amtrak provides daily service along the East Coast.

High Point’s healthy business climate can be attributed to progressive city government in strong partnership with the local business community.

Accolades

Top 10 national ranking for High Point’s MSA in 2013

In March 2014, *Site Selection Magazine* announced that – for the seventh year in a row – the Greensboro/High Point Metropolitan Statistical Area earned a Top 10 national ranking for attracting new industry among similar-sized communities.

- The MSA – composed of Guilford, Randolph, and Rockingham counties –ranked #4 in the nation, based on the number of corporate real estate projects of \$1 million or greater in 2013.
- For two of those seven Top 10 years, the region impressively ranked #1.
- High Point’s successes, relative to its size, led the way in the region receiving these recognitions.

High Point earns 2014 competitive business award

In October 2014, *ElectriCities* – for the seventh year in a row – presented High Point with its Public Power Award of Excellence in the “competitive business environment” category due to the City’s economic development successes. High Point is a member of *ElectriCities*, which represents the 51 municipalities and universities that own and operate their electric distribution systems in North Carolina.

Attributes

Most cities say they are business-friendly. High Point prides itself on not just saying that catch phrase but on being a business-friendly city government, working in close partnership with its business community. The mayor, city council, and city manager set that tone and ensure it is carried out.

- High Point has a proven record of ensuring companies meet fast track construction schedules.
- The High Point Economic Development Corp. (EDC) is both a department of City government reporting to the City Manager and also a public/private partnership. Two business groups – the High Point Chamber of Commerce and the High Point Partners – work closely with the City on economic development matters and have membership on the High Point EDC board.

High Point’s economy is impressively diversified, with new industry sectors joining the City’s traditional industries.

- Today's industry sectors include: distribution / logistics; aviation; furniture and home furnishings; advanced manufacturing; customer service / financial; life sciences / pharmaceutical / biotech; healthcare; and commercial photography.
- Successful diversification was just what High Point's business and government leaders had planned more than 25 years ago when the City worked closely with a private developer who created the 1,100-acre Piedmont Centre office / industrial park.

The High Point Market

High Point is proud to call itself the Home Furnishings Capital of the World™. The High Point Market (www.highpointmarket.org) is the largest wholesale home furnishings industry trade show in the world and is the single largest economic event in North Carolina.

- At the Market, more than 300 home furnishing manufacturers display the largest assortment of home furnishings in the world.
- High Point boasts over 145 furniture and related industry manufacturers and more than 50 retail discount furniture stores.
- The High Point Market is where retail home furnishings dealers and interior designers across the US and from more than 110 foreign countries come to view and to buy at wholesale the products manufactured by the exhibitors. The Market offers the retail dealer access to the complete line of more manufacturers in one location than can be found anywhere in the world.
- At the High Point Market, which celebrated its 100th anniversary in 2009, major national and international manufacturers introduce new merchandise twice annually.
- The Market utilizes over 10 million square feet of permanent and temporary exhibit space. More than 160 buildings are devoted exclusively to the display of home furnishings.
- On October 2, 2013, the High Point Market Authority released the overall findings of a Duke University study of the economic impact of the High Point Market.
 - The Market Authority engaged the Center on Globalization, Governance & Competitiveness at Duke University to conduct a comprehensive economic and fiscal impact of the twice-yearly High Point Market, the largest home furnishings market in the world.
 - The study is significantly different from other previous economic impact studies in that it defines the study area as the 30 counties (22 in North Carolina and 8 in Virginia) within a 75-mile radius from downtown High Point. The study used the data from an original survey pulled from 199 exhibitors at Market over the period July 3-16, 2013.
 - The five distinct types of economic activity that were analyzed in the study were –
 1. Visitor Spending, including all the expenses incurred by any visitor to Market outside the study region (75-mile radius) and included items such as lodging, meals, retail purchases, gasoline, car rentals, groceries and entertainment.
 2. Spending by the Market Authority, which represents the direct budgeted expenses such as Transit and Ground Passenger Transportation expenses.
 3. Vendor Spending, or exhibitor spending, which includes all the expenses incurred to put vendor products on display at Market, and includes construction, decoration, photography, marketing and catering.
 4. Furniture Sales, the largest and most important impact, which accounts for all the sales made at Market, or within 90 days of the Market. The study excluded sales made at Market by firms located outside the study region, including firms that manufacture overseas or elsewhere in the U.S.
 5. Vendor Rents, which includes rental payments made by vendors to local owners and managers of commercial real-estate in the High Point area.

Impressive Business Parks

Piedmont Centre

The 1,100-acre Piedmont Centre campus is a contiguous and planned corporate park. With 210 businesses in the corporate park occupying more than 6 million square feet, Piedmont Centre represents an overall capital investment of more than \$400 million. More than 11,000 employees work in the park.

Tenants in Piedmont Centre include seven of High Point's Top 20 employers: Bank of America's customer service center, Ralph Lauren Corporation's primary U.S. retail distribution facility, APAC Customer Service's contact facility, Aetna Healthcare, Patheon's manufacturing facility, Advanced Home Care's corporate headquarters, and New Breed Logistics.

Premier Center

Premier Center, across NC 68 from both Piedmont Centre and Mendenhall, is a high-quality, 150-acre office park. Primary tenants include the corporate headquarters of Home Meridian International and the corporate headquarters and distribution center for Samson Marketing and its subsidiaries Legacy Classic Furniture and Universal Furniture. In January 2013, classes began at South University, which constructed an \$11 million, 55,000-sq. ft. building in the park. In 2010, Moses Cone completed construction of its building in the business park and began operating MedCenter of High Point, a free-standing emergency medical care facility.

Piedmont Corporate Park

Piedmont Corporate Park is a 160-acre mixed-use development perfect for office, light manufacturing and distribution facilities. Lot sizes are flexible and can be subdivided to meet a company's needs. Tenants include American Premium Beverage, The Quantum Group, Alfred Williams & Company, Tenn-Tex Plastics, and Baltek.

Kivett Drive Industrial Park

Kivett Drive Industrial Park is a 110-acre park adjacent to the I-74 interchange. This park is also located in Foreign Trade Zone 230. Tenants in this park include Mannington Laminate Floors, Bindagraphics and the primary distribution center and customer contact facility for RalphLauren.com, a division of Ralph Lauren Corporation.

FUTURE PARKS -- North High Point Industrial Center and I-74 Corporate Center

Two future business parks for High Point have been announced recently.

- In late 2012, 350 South announced a 500+-acre business park that could be called North High Point Industrial Center.
- In late 2013, Carolina Investment Properties announced a potential 300+-acre business park, tentatively to be called I-74 Corporate Center. The first 100 acres is under development, and a new distribution facility for Ralph Lauren Corporation is under construction.

Employment

High Point was not immune to the effects of the national economic recession. The 2008 average annual unemployment rate for High Point was 6.5% and rose to a high of 12.3% in June 2009, a direct correlation to the national economic crisis and matching the national unemployment trend. The unemployment rate for High Point has nearly returned to those pre-recession levels with unemployment at 6.8% as of June 2014.

Quality of Life

High Point's residents enjoy a wide variety of activities on a year-round basis due largely to a mild climate and an abundance of natural recreation amenities. Of the City's two public golf courses, the Oak Hollow course has been consistently rated among the top 75 public courses in the country.

Fourteen tennis courts, four indoor tennis courts, two public lakes and a substantially completed hiking/biking and greenway trail are major attributes of the City's recreational program. The colleges and universities in the area offer residents the opportunity to attend intercollegiate contests in all sports. Additionally, the City is a working partner with community organizations that have created a world-class soccer complex to further enhance recreational sport activities in the area.

The City remains enthusiastic about the Miracle League Field in High Point. Only the second such program in North Carolina, and the only one in the Triad region, the City partnered with civic organizations, most notably Rotary and Kiwanis, to build the specially equipped baseball field and playground to meet the recreational needs of children with intellectual and/or physical disabilities in this area and surrounding communities.

The High Point Theatre is a year-round performing arts facility meeting the cultural needs of the community. It is one of the finest stage and gallery spaces in the Southeast. The Theatre features an elegant 965-seat auditorium with continental style seating. Other facilities include three large exhibition galleries for meetings, display, or receptions. The Theatre is suited for convention use, as well as functions of the arts, and is rented year-round to both amateur and professional groups.

The educational needs of the citizens of High Point are served by a variety of quality public and private primary, secondary and post-secondary facilities. Guilford Technical Community College (GTCC) operates a first-rate industrial/technical-training program. With campuses in High Point and neighboring Jamestown, GTCC has an average quarterly enrollment of nearly 15,000.

The City and the Piedmont Triad region are home to 13 major colleges and universities. Wake Forest University, North Carolina A&T State University, the University of North Carolina at Greensboro, Guilford College, Greensboro College, and Winston-Salem State University are all located within 30 minutes of High Point. High Point University and Laurel University, formerly known as John Wesley College, are private institutions within the City limits offering a variety of baccalaureate and master degree programs.

High Point University, a private co-educational university affiliated with the United Methodist Church, completed its inaugural multi-year \$250 million capital construction program, which has included replacing or modernizing a number of dormitories, athletic facilities, and numerous other campus buildings. In September 2010, High Point University announced an impressive \$2 billion growth plan that will include a new school of pharmacy, a new health sciences building that will house graduate programs for physician assistants, physical therapists and occupational therapists, a new school of education, and new basketball arena. High Point University was again named in July 2014 as one of the top colleges and universities in the US for the seventh year in a row, and No. 1 for three consecutive years by US News and Report. Under the leadership of President Nido Qubein, the student body has increased from 1,450 to 4,300 students. Likewise, the campus has expanded to accommodate the growing student body and facility needs as described above from 92 to 380 acres. The University's slogan, "Choose to be Extraordinary" is not just a slogan, but a passion and vision for the institution.

Accounting System and Budgetary Control

The diverse nature of governmental operations and the necessity of assuring legal compliance preclude recording and summarizing all governmental financial transactions and balances in a single accounting entity. Therefore, from an accounting and financial management viewpoint, a governmental unit is a combination of several distinctly different fiscal and accounting entities, each having a separate set of accounts and functioning independently of each other. Each accounting entity is accounted for in a separate "fund".

A fund is defined as a fiscal accounting entity with a self-balancing set of accounts recording cash and other financial resources together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The City's accounting records for general governmental operations are maintained on a modified accrual basis, with the revenues being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. Accounting records for the City's utilities and other enterprises are reported on the accrual basis.

The City's accounting system is organized and operated on a "fund" basis and each fund is classified in one of three categories and further identified as one of nine major types of funds:

<u>Classification</u>	<u>Fund Type</u>
Governmental Funds	General, Special Revenue, Debt Service, Capital Project
Proprietary Funds	Enterprise, Internal Service
Fiduciary Funds	Agency, Pension Trust, Private Purpose Pension Trust

Governmental Funds: These funds are, in essence, accounting segregations of financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used; current liabilities are assigned to the fund from which they are to be paid; and the differences between governmental fund assets and liabilities, the fund equity, is referred to as "Fund Balance".

The primary measurement focus is upon determination of financial position and changes in financial position, which is supported by the statement of revenues, expenditures, and changes in fund balances. It may be supported or supplemented by more detailed schedules of revenues, expenditures, transfers, and other changes in fund balance.

Proprietary Funds: These funds are sometimes referred to as "income determination," "nonexpendable," or "commercial type" funds and are used to account for a government's on-going organizations and activities, which are similar to those often found in the private sector.

All assets, liabilities, equities, revenues, expenses, and transfers relating to the government's business and quasi-business activities - where net income and capital maintenance are measured - are accounted for through proprietary funds.

The generally accepted accounting principles here are those applicable to similar businesses in the private sector, and the measurement focus is upon determination of net income, financial position, and changes in financial position.

Fiduciary Funds: These funds account for assets held by the City in a trustee capacity or as an agent for other governmental units and for other funds.

Internal Control: In developing and maintaining the City's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition, and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived and (2) the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

Budgetary Control: The City's financial management software provides the information for effective fiscal management. Through utilization of budgetary accounting methods, effective budgetary control and accountability can be maintained. The Annual Budget, which is adopted for legal control at the functional level but controlled at the department level, authorizes and provides the basis for the City's financial management. The total adopted appropriations constitute the maximum expenditure authorization during the fiscal year and can only be amended by action of the City Council. Expenditures are controlled at the department level for all General, Special Revenue, Debt Service, Capital Projects and Enterprise funds.

Budgetary control is maintained at this level by the encumbrance of purchase amounts prior to the release of purchase orders to vendors. Purchase orders, which would result in an overrun of departmental operating balances, are not released until additional appropriations are made available.

Open encumbrances at June 30, 2014, are treated as commitments, rather than expenditures, and such encumbered funds are appropriated for expenditure in fiscal year 2014-2015.

Cash Management

Cash during the year was invested in U.S. Government Securities and agencies, commercial paper, money market accounts, and certificates of deposit. Cash balances are analyzed daily to maximize interest earnings. Investment periods ranged from overnight to 5 years, and at interest rates ranging from 0.01% to 5.5%. The City's cash management program during FY2014 produced investment income across all funds of \$893,575. At June 30, 2014, the investment portfolio is strategically invested with an emphasis in the North Carolina Capital Management Trust and short-term securities in order to maintain a high percentage of readily convertible funds as the City begins to take advantage of the slightly steepening investment yields that have become available in the new fiscal year.

Conclusion

The City of High Point has greatly enjoyed the vitality and growth from its economic diversity through development and voluntary annexation. In prior years, this growth has been generally sufficient to accommodate expenditures during the year. The City recognizes the vitality and importance of the High Point Market to the

City, surrounding region, and State. The City continues to actively and aggressively partner with public and private organizations to address competing interests to the Market.

Nevertheless, the City of High Point is a rapidly growing and culturally diverse community exceeding 109,000 residents having a wide variety of neighborhood, business, and civic priorities and expectations. The citizens of High Point have come to expect and appreciate the high level of municipal services they enjoy. The City is facing ever increasingly complex and expensive service needs, desires and mandates, along with the ever present and expensive challenges for continued and needed infrastructure repair and replacement. The above challenges are tied with an environment of trying to manage, balance and finance municipal services and infrastructure investments with minimal tax and utility rates that our citizens and businesses desire. This has become even more challenging as the most significant restructuring efforts in a generation are being legislated by the General Assembly in Raleigh. At this writing, our local economy exhibits continued slow and deliberate recovery evidenced by building permits, company expansions, and job announcements, but we also acknowledge that economic recovery will look very different and also that it may very well be another 12-18 months before the local economy sees real benefit and growth.

The management of the City of High Point continues to accept the challenge of managing all the City's resources in the best possible manner to support Council's commitments and initiatives and to deliver municipal services at a cost its citizens will agree to bear. The use of fund balances during these challenging fiscal seasons of late has been required, necessary and strategically utilized to provide our citizens the financial stability and security they expect from their local government. The challenge presented the City can be accomplished through our coordinated planning efforts using the Annual Budget, the Capital Improvement Program, and strategic business planning. As long as revenue growth rates do not decline unexpectedly; the costs of providing services do not escalate more rapidly than in previous years; and the City Council continues to evaluate all existing and potential revenue options, we can accomplish our tasks

Acknowledgments

The preparation of this year's report could not have been accomplished without the year round dedication of the members of the Financial Services Department team, contributions from numerous City operating departments and their staff, and the assistance of the independent auditors, McGladrey LLP. We would like to particularly mention our appreciation to the leadership and members of the Accounting Division, without whose particular dedication and contributions this report could not have been prepared and completed.

We wish to especially thank the Mayor, City Council, and the City Manager's Office for their support and interest in conducting the financial operations of the City in a responsible and progressive manner. We also thank them for their continued trust, patience, support and commitment they have placed in the City administration as we serve our citizens, businesses, and visitors with exceptional quality services.

Respectfully submitted,

Independent Auditor's Report

To the Honorable Mayor
and Members of the City Council
City of High Point, North Carolina

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of High Point, North Carolina (the City), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the City of High Point ABC Board. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the City of High Point ABC Board, is based solely on the report of another auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the City of High Point ABC Board were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis, the Law Enforcement Officers' Special Separation Allowance and the Other Post Employment Benefits on pages 5 – 16, 74 – 75 and 76 – 77 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and the other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of the City. The combining and individual fund statements, budgetary schedules, other schedules, and Schedule of Expenditures of Federal and State Awards, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of other auditors, the combining and individual fund statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements by us or the other auditors, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 24, 2014, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

NORTH CAROLINA'S INTERNATIONAL CITY™

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of City of High Point's financial performance provides an overview of the City's financial activities for the fiscal year ended June 30, 2014. Please read it in conjunction with the transmittal letter on page i and the City's financial statements, which begin on page 17.

FINANCIAL HIGHLIGHTS

The City is not in what some people have considered a rebound, but we are experiencing numerous positive results from a prolonged economic recovery period in this year's operations. Pleasingly, the City saw increases once again during the fiscal year. The City is financially sound as is evidenced in our results of operations for the fiscal year ended June 30, 2014.

- The assets of the City of High Point exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by almost \$548 million. The net position for governmental activities increased to over \$206 million, and business-type net position improved to over \$341 million.
- As of the close of the current fiscal year, the City of High Point's governmental funds reported combined ending fund balances of \$67,163,616, an increase of \$3,135,053 in comparison with the prior year. Approximately 28 percent of this total amount, or \$18,923,481, is available for spending at the government's discretion in the General Fund. This amount represents slightly over 18 percent of total general fund expenditures for the fiscal year completed.
- The City's coveted general obligation bond rating has not been affected by the turbulence experienced in the last several years within the financial industry and federal treasury practices. The City's rating of AAA from Standard & Poor's as well as the second highest possible ratings of Aa1 from Moody's and of AA+ from Fitch were once again reaffirmed in May 2014 as the City issued new general obligation and refunding bonds in late Spring 2014.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities (on pages 17–19) provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Fund financial statements start on page 20. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the City's operations in more detail than the government-wide statements by providing information about the City's most significant funds. The remaining statements provide financial information about activities for which the City acts solely as a trustee or agent for the benefit of those outside of the government.

Reporting the City as a Whole

Our analysis of the City as a whole begins on page 17. One of the most important questions asked about the City's finances is, "Is the City as a whole better or worse as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the City as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the City's net financial position and changes in them. Readers are encouraged to think of the City's net position—the difference between assets, liabilities, and deferred inflows of resources—as one way to measure the City's financial health, or financial position. Over time, increases or decreases in the City's net position are one indicator of whether its financial health is

improving or deteriorating. The reader must also consider other nonfinancial factors, however, such as changes in the City's property tax base and the condition of the City's infrastructure, to assess the overall health of the City.

In the Statement of Net Position and the Statement of Activities, we divide the City into three kinds of activities:

- **Governmental activities**—Most of the City's basic services are reported here, including the general administration, police, fire, public services, and parks and recreation departments. Property taxes, sales and use taxes, intergovernmental revenues (utility franchise taxes, Powell Bill, etc.), along with various Federal and State grants finance most of these activities.
- **Business-type activities**—The City charges a fee to customers to help it cover all or most of the cost of certain services it provides. The City's utility systems (water, sewer, electric, and storm water) and other business-type activities (mass transit, parking and landfill facilities) are reported here.
- **Component units**—The City includes one separate legal entity in its report—the High Point ABC Board. Although legally separate, this “component unit” is important because the City appoints the board. The City is not financially accountable for them, even though net profits are distributed to the City.

Reporting the City's Most Significant Funds

Our analysis of the City's major funds begins on page 20. The fund financial statements provide detailed information about the most significant funds—not the City as a whole. Some funds are required to be established by State law and by bond covenants. The City's two types of funds—governmental and proprietary—use different methods of accounting.

Governmental funds—Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation at the bottom of the fund financial statements.

Proprietary funds—When the City charges customers for the services it provides—whether to outside customers or to other units of the City—these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Position and the Statement of Activities. In fact, the City's enterprise funds (a component of proprietary funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds. We use internal service funds (the other component of proprietary funds) to report activities that provide supplies and services to the City's other programs and activities—such as the City's fleet services operations.

The City as Trustee

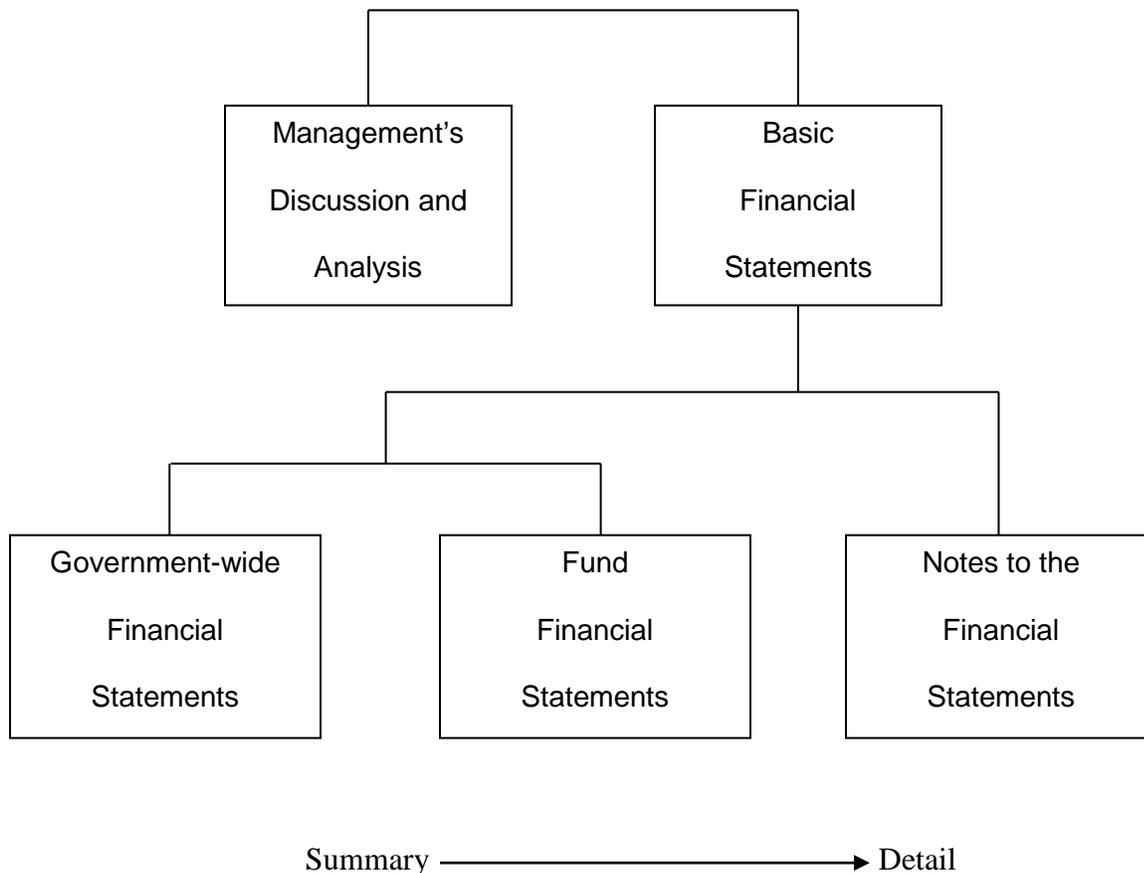

The City is a trustee responsible for other assets that—because of a trust arrangement—can be used only for the trust beneficiaries. All of the City’s fiduciary activities are reported in a separate Statement of Fiduciary Net Position. We exclude these activities from the City’s other financial statements because the City cannot use these assets to finance its operations. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

THE CITY AS A WHOLE AND GOVERNMENT-WIDE FINANCIAL ANALYSIS

The government-wide financial statements for the fiscal year ended June 30, 2014 are presented in accordance with GASB Statement (GASBS) No. 34, Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments.

Required Components of Annual Financial Report

Figure 1

The City’s combined net position increased slightly by 1.3% this year to \$548 million from \$541 million. Given that the prior year’s change also saw an increase of \$16 million (3.0%) from FY2012’s total of \$525 million, it is a testament to City Council’s fiscal policies, priority-based budgeting, and prudent fiscal management and restraints during the prolonged economic recovery that the City is positioning itself as a stronger and leaner unit of local government. Our analysis below focuses on the net financial position (Table 1), and changes in net position (Table 2) of the City’s governmental and business-type activities.

Net Position

Total net position for the City increased from \$541 million to \$548 million during FY2013-2014. The net position for governmental activities increased slightly as compared to the prior fiscal year. We believe this results from a combination of several factors which contributed to the improving fiscal health of the government. The City continues to invest heavily in capital spending with its continuing emphasis on infrastructure using long-term debt proceeds issued in prior fiscal years. The City also issued just over \$6 million in new general obligation bonds in late Spring 2014 which will be invested in streets infrastructure and recreation and firefighting facilities in the next fiscal year. The investment of debt proceeds which were issued in prior years into capital assets slightly outpaced the recognition of depreciation expense on governmental assets. The most significant factor however was realizing revenues which exceeded fiscal controls on expenditures for both governmental and business-type activities. Restricted and unrestricted net position combined for a \$10.8 million or 6.6% increase from \$164.2 million in FY2012-2013 to \$175.0 million in FY2013-2014.

Table 1
Net Position
(In Thousands)

	Governmental Activities		Business-type Activities		Total Primary Government	
	2014	2013	2014	2013	2014	2013
Assets						
Current and other assets	\$ 84,779	\$ 81,430	\$213,226	\$172,163	\$298,005	\$253,593
Capital Assets (net)	220,956	220,714	376,493	380,633	597,449	601,347
Total assets	<u>305,735</u>	<u>302,144</u>	<u>589,719</u>	<u>552,796</u>	<u>895,454</u>	<u>854,940</u>
Liabilities						
Liabilities and payables	6,138	6,707	17,436	15,843	23,574	22,550
Long-term liabilities	87,635	86,727	227,661	194,916	315,296	281,643
Total liabilities	<u>93,773</u>	<u>93,434</u>	<u>245,097</u>	<u>210,759</u>	<u>338,870</u>	<u>304,193</u>
Deferred Inflows						
Deferred Inflows of Resources	<u>5,277</u>	<u>5,540</u>	<u>3,322</u>	<u>4,514</u>	<u>8,599</u>	<u>10,054</u>
Net Position						
Net investment in capital assets	160,289	160,448	212,606	216,040	372,895	376,488
Restricted	29,850	32,135	6,300	14,385	36,150	46,520
Unrestricted	16,546	10,587	122,394	107,098	138,940	117,685
Total net position	<u>\$206,685</u>	<u>\$203,170</u>	<u>\$341,300</u>	<u>\$337,523</u>	<u>\$547,985</u>	<u>\$540,693</u>

The net position of our business-type activities also increased slightly (\$341 million compared to \$337 million) in 2014 as increasing revenues outpaced increases in operating expenses which allowed continued steady funding on major infrastructure projects to repair, replace and improve the water and sewer and electric infrastructure. The City will use the unrestricted net position to finance the continuing operations of the enterprise operations of the City (Water, Sewer, Electric, Mass Transit, Parking, Landfill, and Storm Water), and their related capital investments. Unrestricted net position in the governmental activities—the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements—increased to \$16,546,064 as compared to \$10,586,602. The City intends to use the unrestricted net position to address future capital budget needs and to provide a resource towards potential deficits which may arise from unfunded governmental mandates and legislative changes. These balances are also used as a tool to leverage the need for future tax increases as the demand for current and enhanced services continues to rise as the City addresses the priorities of its citizens.

Revenues and Expenses

The City's total revenues (excluding transfers and special items) increased 1.5% (\$4.7 million) over the previous fiscal year. Charges for services in the City's governmental activities led the majority (\$4.2 million) of the increase as the City instituted a multi-year phase-in for refuse collection fees which will reduce the burden on the City's property tax rate in future years. Charges for services in the City's business-type activities experienced modest revenue growth primarily from a nominal increase in the electric retail rate. Property taxes exhibited a modest increase from the prior year as a result of modest growth in property valuation and collections of taxes. There was neither an increase nor decrease in the City's property tax rate for FY2013-2014. Sales and occupancy taxes also posted revenue increases when compared to the prior fiscal year. We will discuss these areas in more detail later in this analysis.

Net position, beginning, as restated	<u>203,170</u>	<u>200,133</u>	<u>337,523</u>	<u>324,571</u>	<u>540,693</u>	<u>524,704</u>
Net position, ending	<u>\$206,685</u>	<u>\$203,170</u>	<u>\$341,300</u>	<u>\$337,523</u>	<u>\$547,985</u>	<u>\$540,693</u>

The total cost of all programs and services increased 4.5 percent (\$13.4 million). The City moderated the increased demands for services and the resulting cost to City operations in continued response to the City Council’s leadership to reduce governmental burden on our citizens and ratepayers. Results of operations show that both governmental functions and the business-type activities of water and sewer, mass transit, parking, and storm water saw moderate increases when compared to last fiscal year. The most significant increases were evidenced in the City’s water and sewer and electric operations. These changes will be explained in more detail later in this analysis.

Several aspects of the City’s financial operations continue to positively influence the total unrestricted government net position. These are highlighted as follows:

- ◆ The City’s continued high collection of property taxes billed increased to a tax collection rate exceeding 98% (an increase of 1%).
- ◆ The net position for business-type operations increased this year by \$3.8 million as the City increased rates for electric services. These revenues from utility operations are being utilized to continue efforts to improve and replace the water and sewer, and electric system infrastructure and distribution system while holding the line on operating expenses, with an exception for wholesale power costs, fairly constant. Additionally, the target level of unrestricted net position is being used as part of a strategic capital plan to provide long-term solutions for maintaining the capital investments for the Water and Sewer fund while ultimately moderating future required water and sewer rate increases.

Governmental Activities

Property tax revenues increased \$1.3 million compared to the prior year, primarily from the 1% increase in collection rate percentage and some growth in the property tax base. Sales and occupancy taxes grew slightly again during the fiscal year as local retail sales increased. The positive news in both these significant revenue sources is that we are seeing slight improvement monthly and throughout the fiscal year.

The total cost of all governmental activities this year increased only \$1.7 million to \$124.7 million. However, as shown in the Statement of Activities on pages 18-19, the amount that our taxpayers ultimately financed for these activities through City taxes was \$92.5 million, a slight increase of only \$0.5 million from the prior year because much more of the cost was paid by those who directly benefited from the programs (\$14.8 million) or by other governments and organizations that subsidized certain programs with grants and contributions (\$11.0 million). The City paid for the remaining “public benefit” portion of governmental activities with over \$17.5 million in sales and other taxes and another \$16.7 million in other general revenues.

Table 3
Governmental Activities

	Total Cost of Services	Net Cost of Services
General Government	\$ 20,091,425	\$ 15,901,215
Public Safety	45,488,095	42,838,894
Public and Environmental Services	25,038,325	9,334,887
Planning, Community & Economic Development	10,338,434	4,349,533
Cultural and Recreation	20,355,123	16,715,450
Interest on long-term debt	3,384,574	3,384,574
Total	\$ 124,695,976	\$ 92,524,553

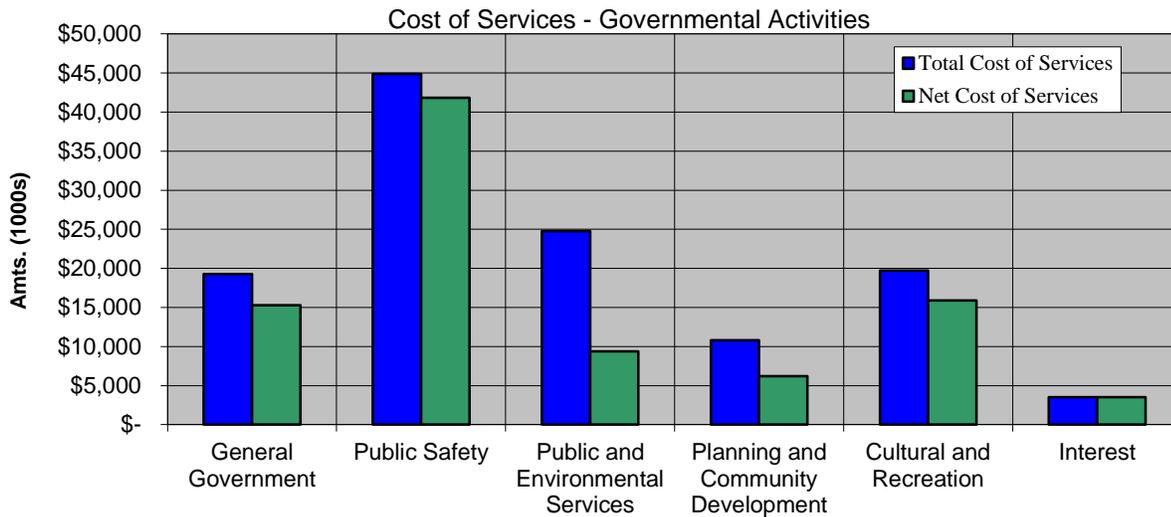

Table 3 presents the cost of each of the City’s programs—general government, public safety, public and environmental services, planning, community and economic development, cultural and recreation—as well as each program’s net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the City’s taxpayers by each of these functions.

Business-type Activities

Charges for services of the City’s business-type activities (see Table 2) increased only slightly over the past fiscal year (\$183.2 million in 2014 compared to \$182.6 million in 2013). This was mainly due to an increase in operating revenues received by the Electric fund, while all other fund operating revenues remained virtually unchanged over the prior year.

The City water and sewer utility did not increase rates again for the fiscal year ended June 30, 2014, as the City Council held rates constant to benefit citizens and businesses as their respective economic recoveries stabilized and confidence improved.

Revenues increased by \$1.2 million in the Electric Fund primarily from an increase in retail rates which was partially offset by a decrease in electric consumption. Electric rates were increased by 4.9% at the beginning of the fiscal year to generate the revenues required to cover the wholesale power costs increase of 5.0%.

FINANCIAL ANALYSIS OF THE CITY’S FUNDS

Governmental Funds

The focus of the City’s governmental funds is to provide information on current inflows, outflows, and balances of usable resources. Such information is useful in assessing the City of High Point’s financing requirements. Specifically, fund balance can be a useful measure of a government’s net resources available for spending at the end of the fiscal year.

As the City completed the year, its governmental funds (as presented in the balance sheet) reported a combined fund balance of \$67 million, a \$3 million increase over the prior fiscal year. Of the total fund balances reported, \$22.0 million was available to finance future expenditures, including \$2.1 million committed formally by City Council for economic development and furniture market development and \$5.6 million assigned for various purposes as explained in the Notes to the Financial Statements (Note 1.F.12).

The General Fund is the primary operating fund of the City of High Point. At the end of the current fiscal year, total fund balance of the General Fund was \$30,194,375. The City Council has determined through formal policy that the City should maintain a minimum available fund balance (that is, total fund balance remaining after removing restrictions, commitments, and previous assignments) of 10% of the General Fund's expenditures in the event the City had an unforeseen need or opportunity, in addition to providing for cash flow needs. At June 30, 2014, unassigned fund balance amounted to 11.6% of the fiscal year 2014 General Fund budget (exclusive of amounts included in the budget that are assigned and/or restricted for benefits and wellness, and economic and market development).

The 2014-2015 Annual Budget appropriated a total of \$4,202,575 of the reported General Fund's spendable, unrestricted fund balance to finance operations and capital improvements in the next fiscal year, leaving a balance of unassigned fund balance for future fiscal years of \$13,314,164.

General Fund Budgetary Highlights

Over the course of the year, the City Council revised the City budget several times. Generally, budget amendments fall into one of two categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; and 2) increases in appropriations that become necessary to maintain services. However, expenditures were held in check and the City was able to comply with its budgetary requirements.

General Fund Revenues on the Governmental Fund Basis

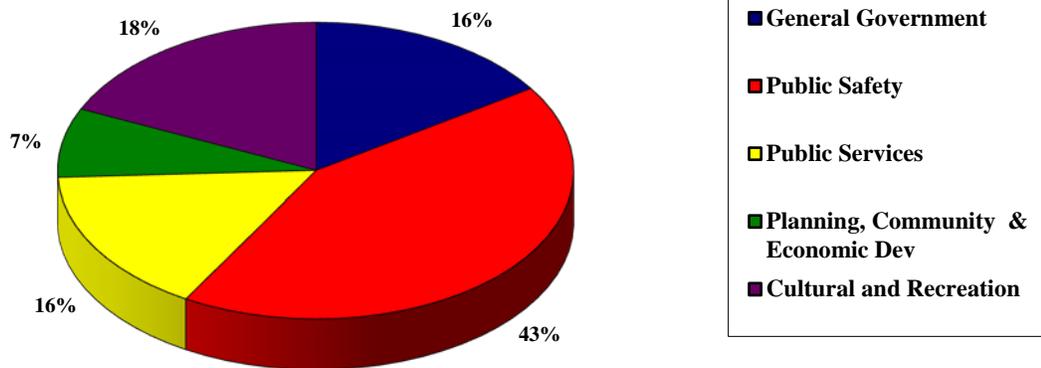

Revenue Sources	Actual Amount	Percent of Total	Increase (Decrease) from 2013
Property taxes.....	\$ 58,578,331	54.0%	\$ 1,816,142
Sales and use taxes.....	17,476,958	16.1%	494,549
Intergovernmental revenues.....	14,226,699	13.1%	687,734
Licenses and Permits.....	3,728,062	3.4%	235,653
Charges for services.....	6,778,018	6.3%	2,141,485
Interest on investments.....	253,779	0.2%	191,564
Miscellaneous revenues.....	7,376,471	6.8%	374,483
	<u>\$ 108,418,318</u>	<u>100.0%</u>	<u>\$ 5,941,610</u>

The most significant component in General Fund revenues remains to be property taxes especially with the decrease from collected revenues. The other large increase occurring in the fiscal year was the new fee for refuse collection instituted in July 2013 as the City begins to transition refuse collection to an fee-for-service enterprise. In addition, sales and use taxes show positive improvement over the prior fiscal year as local economic conditions improve and the City also received a small increase in intergovernmental revenues for disaster relief assistance.

The most significant changes in General Fund expenditures when compared to the previous fiscal year occurred in public safety, public services and culture and recreation. During FY2013, the City completed the construction of the two authorized new fire trucks as well as saw the Police Department expend funds for additional equipment. These infrequent expenditures caused much of the year to year decrease. A similar scenario emerges as increased transportation expenditures for several city intersections and increased repaving efforts during FY2013 were not repeated at those expanded levels during FY2014. These decreases were offset by an increase in culture and recreation spending.

General Fund Expenditures on the Governmental Fund Basis

Functions	Amount	Percent of Total	Increase (Decrease) from 2013
General Government.....	\$ 15,632,281	15.7%	\$ 176,613
Public Safety	42,631,709	42.7%	(719,321)
Public Services.....	15,799,524	15.8%	(579,377)
Planning, Community and Economic Dev.....	7,538,713	7.6%	(189,027)
Cultural and Recreation.....	18,163,763	18.2%	419,282
	<u>\$ 99,765,990</u>	<u>100.0%</u>	<u>\$ (891,830)</u>

Other Governmental Funds

The General Capital Projects Fund continues to be shown as a major fund in the current fiscal year. This presentation is not required for the FY 2014; however, the City’s decision to show this fund as major is allowed. This is primarily due to the continued level of expenditures in future years that will require presentation as major. These future planned expenditures are consistent with the capital financing strategy approved by City Council in 2005.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal year 2014, the City had \$1.36 billion invested in a broad range of capital assets, including police and fire equipment, buildings, park facilities, roads, bridges, and water and sewer lines and electric infrastructure (See Table 4 below). This amount represents a net increase (including additions and deductions) of \$28.7 million, or 2.1 percent, over last year. The majority of the additions during the fiscal year continue to come from the expenditure of previously issued general obligation and revenue bonds. Additional information on the City’s capital assets can be found in Note 2.A.4. to the financial statements.

Table 4
Capital Assets
(In Thousands)

	Governmental Activities		Business-type Activities		Total Primary Government	
	2014	2013	2014	2013	2014	2013

Equipment	66,616	61,720	36,802	36,851	103,418	98,571
Infrastructure	523,782	517,550	478,146	473,810	1,001,928	991,360
Total capital assets	<u>\$ 698,951</u>	<u>\$ 684,684</u>	<u>\$ 659,021</u>	<u>\$ 644,563</u>	<u>\$ 1,357,972</u>	<u>\$ 1,329,247</u>

The City's fiscal year 2014-2015 capital pay-as-you-go budget calls for spending another \$20.6 million for capital projects as outlined below, principally for the utility system improvements and infrastructure.

These capital projects are budgeted as follows:

General Fund.....	\$ 751,400
Water and Sewer Fund.....	4,675,270
Electric.....	5,598,084
Landfill.....	5,385,000
Stormwater.....	4,150,000
Parking.....	35,000
Total.....	<u>\$ 20,594,754</u>

Debt

At year-end, the City had approximately \$288 million in bonds and notes outstanding versus \$255 million last year—an increase of 12.8 percent—as shown in Table 5. The City completed two general obligation refunding issues as well issued \$6,115,000 for transportation improvements and recreation and firefighting facilities in addition to \$41,310,750 in enterprise system revenue bonds for water and sewer infrastructure upgrades and improvements during Fiscal Year 2013-2014.

Table 5
Outstanding Debt
(In Thousands)

	Governmental Activities		Business-type Activities		Total Primary Government	
	2014	2013	2014	2013	2014	2013
	General obligation bonds	\$ 73,820	\$ 72,071	\$ 40,365	\$ 44,274	\$ 114,185
Revenue bonds	-	-	161,974	124,417	161,974	124,417
Notes payable and installment contracts	4,215	5,663	7,303	8,609	11,518	14,272
Total outstanding debt	<u>\$ 78,035</u>	<u>\$ 77,734</u>	<u>\$ 209,642</u>	<u>\$ 177,300</u>	<u>\$ 287,677</u>	<u>\$ 255,034</u>

The City's general obligation bond rating continues to carry high and stable ratings from the three national rating agencies at June 30, 2014. Standard & Poor's rates the City's credit at AAA, the highest available. Moody's and Fitch rate the City's credit at Aa1 and AA+, respectively. The City's bond

ratings are a clear indication of the sound financial management practices and solid financial condition of the City of High Point as affirmed by their reports in May 2014. These high financial credit ratings are a primary factor in keeping interest costs low on the City's outstanding debt. The State limits the amount of general obligation debt that cities can issue to 8 percent of the assessed value of all taxable property within the City's corporate limits. The City's outstanding general obligation debt is significantly below this \$724 million state-imposed limit.

Other obligations include accrued vacation pay, other post-employment benefits, and closure/post closure liabilities. More detailed information about the City's long-term liabilities is presented in Note 2.B.9. to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City's elected and appointed officials considered many factors when setting the fiscal year 2014-2015 budget and tax rates that support the governmental activities and fees that will be charged for the business-type activities. Following a slight increase in valuation during FY2013-2014, property values for FY2014-2015 were expected to increase by 2.9%. Part of this growth is anticipated from commercial and residential permits issued showing continued improvement in year-to-year growth although still well below the 10-year average growth. Water and sewer consumption growth was expected to be largely flat for the second year, and electric load growth was projected to be essentially flat for the 6th consecutive year.

Inflation in the City continues to be hedged slightly lower than the national Consumer Price Index (CPI) increase. The City's CPI increase was projected to be 2.1% for fiscal year 2015 compared with the national rate of 3 percent.

In adopting the Annual Budget for fiscal year 2014-2015, the above-mentioned factors were taken into account. However, the focus on maintaining the City's exceptionally high quality residential and business life continues to be a top priority as we seek to create, guide, and sustain High Point as the single most livable, safe and prosperous community in America.

Additionally, encouraging responsible land use and environmental planning, and balanced economic growth, development and redevelopment throughout the City's 95 square mile annexation agreement area is also among our highest priorities.

The total General Fund budget appropriates \$100.3 million, which is a decrease of 6.3 percent over the adopted 2014 budget of \$107.0 million. Property taxes were reduced to an approved rate of 66.4 cents. The City continued to maintain the strategic reductions employed during the last four fiscal years to hold operating costs in check. The City utilized this strategy to maintain the high level of quality and services that our citizens, businesses, and visitors enjoy and are accustomed to receiving with a mind to the reality that the City's economy will improve slowly. Additionally, the City Council transferred the collection of residential and commercial refuse operations, the next anticipated increase in charges for these services and the expenses related thereto to the Solid Waste Enterprise Fund.

The City's business-type activities are also expected to maintain their strength or improve based on the following factors in the adoption of the Annual Budget for fiscal year 2015:

- Water and sewer rates were increased 3.0% as of July 1, 2014 following the needs-based timing from the issuance of Series 2014 revenue bonds. The fund is expected to maintain commitments for pay-as-you-go infrastructure and debt funded projects.
- Electric rates were increased 1.8% to cover the wholesale power rate increase of 1.8% also effective as of July 1, 2014.

- The Landfill Fund was renamed as the Solid Waste Fund, and as discussed above, had refuse collections added to the list of services for which fees were being charged.
- There were no rate increases for the Mass Transit, Parking Facilities, and Storm Water Funds.

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and investors and creditors with a general overview of the City's finances and to show the City's accountability for the money received. If you have questions about this report or need additional financial information, contact the Financial Services Department, City of High Point, P.O. Box 230, High Point, NC 27261-0230.

NORTH CAROLINA'S INTERNATIONAL CITY™

CITY OF HIGH POINT, NORTH CAROLINA

Notes to Financial Statements
June 30, 2014

Note 1. Summary of Significant Accounting Policies

The accounting policies of the City of High Point, North Carolina, and its discretely presented component unit conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governments.

The City's financial statements are prepared in accordance with GAAP. The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The following is a summary of the more significant accounting policies established in GAAP and used by the City:

A. Description of Unit and Reporting Entity

The City of High Point is located in the Piedmont area of the State and has a population of 109,270. The City is a municipal corporation which is governed by an elected mayor and an eight-member council and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, sanitation, culture-recreation, public improvements, planning and zoning, and general administrative services. As required by GAAP, these financial statements present the City and its component unit, a legally separate entity for which the City is financially accountable. The discretely presented component unit (City of High Point ABC Board) is reported in a separate column in the City's financial statements in order to emphasize that it is legally separate from the City.

City of High Point ABC Board

The City appoints the members of the ABC Board's governing board. In addition, the ABC Board is required by State statute to distribute its surpluses to the General Fund of the City. The ABC Board, which has a June 30 year-end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements and related information for the ABC Board may be obtained from the entity's administrative offices at City of High Point ABC Board, 201 W. Fairfield Road, High Point, NC 27261.

B. Basic Financial Statements—Government-Wide Statements

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The City's general administrative, public services, police and fire, parks and recreation, and library are classified as governmental activities. The City's water, sewer, electric, mass transit, parking, landfill and storm water services are classified as business-type activities.

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government and its component unit. These statements include the financial activities of the overall government. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) are reported on a full accrual, economic

resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net position is reported in three parts—net investment in capital assets; restricted; and unrestricted.

The government-wide Statement of Activities reports both the gross and net cost of each of the City's functions and business-type activities (police, fire, public works, etc.). The functions are also supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (police, fire, public services, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, sales, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the City as an entity and the change in the City's net position resulting from the current year's activities.

C. Basic Financial Statements—Fund Financial Statements

The financial transactions of the City are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

Fund Financial Statements: The fund financial statements provide information about the City's funds, including fiduciary funds. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

The City uses the following fund types:

a. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the City:

1. General Fund. The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State-shared revenues, and various other taxes and licenses. The primary expenditures are for public safety (police and fire), public works and cultural and recreation.
2. Special Revenue Fund. The Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments) that are legally restricted to expenditures for specified purposes. The City maintains two special revenue funds: The Special Grants Fund and The Community Development Fund.
3. Debt Service Fund. The General Debt Service Fund is used to account for the accumulation of funds for the periodic payment of principal and interest on general long-term debt.
4. General Capital Projects Fund. The General Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by business-type/proprietary funds).

The General Fund and the General Capital Projects Fund are the major governmental funds.

b. Proprietary Funds:

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector. The following is a description of the proprietary funds of the City:

Enterprise funds are required to be used to account for operations for which a fee is charged to external users for goods or services and the activity (a) is financed with debt that is solely secured by a pledge of the net revenues, (b) has third party requirements that the cost of providing services, including capital costs, be recovered with fees and charges or (c) establishes fees and charges based on a pricing policy designed to recover similar costs.

The City maintains six enterprise funds: the Water and Sewer Fund, the Electric Fund, the Mass Transit Fund, the Parking Facilities Fund, the Landfill Facilities Fund and the Storm Water Fund. For financial reporting purposes, the Water & Sewer Capital Projects Ordinance Fund, the Water Capital Reserve Fund, the Sewer Capital Reserve Fund, the Mass Transit Capital Reserve Fund, the Landfill/Recycling Facilities Capital Projects Ordinance Fund, the Landfill Closure and Post-closure Reserve Fund, and the Storm Water Facilities Capital Projects Ordinance Fund have been consolidated with their respective Enterprise Fund.

The Water and Sewer Fund and the Electric Fund are the only major enterprise funds of the City.

c. The City reports the following additional fund types:

1. Internal service funds are used to account for the financing of goods or services provided by an activity to other departments, funds or component units of the City on a cost-reimbursement basis. The City has one Internal Service Fund. The components of the Internal Service Fund are Fleet Maintenance, Radio Repair, Facility Services, and Computer Replacement.
2. Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support City programs. The fiduciary funds of the City are the General Agency Fund, the Law Enforcement Officers' (LEO) Pension Trust Fund and the High Point Firefighters' Pension and Disability Trust Fund.

The General Agency Fund is custodial in nature (assets equal liabilities) and does not involve measurement of the results of operations. The Agency Fund is used to account for the receipts and disbursements of those funds the City holds on behalf of other organizations and specialized purposes not inconsistent with the City's general governmental purposes, including Firefighters' Local Relief Fund, the Police Property Crimes escrow and Historic Preservation Commission.

Pension trust funds are used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit plans, defined contribution plans or other postemployment benefit plans. The City maintains a pension trust fund and a private purpose trust fund. The LEO Pension Trust Fund accounts for the Law Enforcement Officers' Special Separation Allowance, a single-employer, public employee retiree system.

Private-purpose trust funds are used to account for resources legally held in trust under which the trust's principal and income benefit individual, private organizations, or other governments. The City assumed the financial trustee responsibilities of the High Point Firefighters' Pension and Disability Trust as of November 1, 2011. The High Point Firefighters' Pension and Disability Fund accounts for the supplemental pension benefits provided to eligible retired firefighters by the local board of trustees who administer the single-employer, public employee retiree system.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Non-major funds by category are summarized into a single column. GASB No. 34 sets

forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The non-major funds are combined in a single column in the fund financial statements. The City may elect to report funds as major even if the minimum criteria set forth by GASB No. 34 is not met due to the public interest of the funds.

The City's internal service fund is presented in the proprietary funds financial statements. Because the principal users of the internal services are the City's governmental activities, the financial statement of the internal service fund is consolidated into the governmental column when presented in the government-wide financial statements. To the extent possible, the cost of these services is reported in the appropriate functional activity (police, fire, public works, etc.).

The City's fiduciary funds are presented in the fiduciary fund financial statements by type (pension, private purpose and agency). Since by definition these assets are being held for the benefit of a third party (other local governments, private parties, pension participants, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

D. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the City are maintained during the year using the modified accrual basis of accounting.

Government-wide, Proprietary, and Fiduciary Fund Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus. The government-wide, proprietary, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year in which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and delivering goods in connection with the primary activities of the proprietary funds. For the City of High Point, these operating revenues are charges to customers for sales and services for the Water and Sewer Fund, Electric Fund, Mass Transit Fund, Parking Facilities Fund, the Landfill Facilities Fund and the Storm Water Fund. Operating expenses for these enterprise funds include the costs of sales and providing services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under installment financing contracts are reported as other financing sources.

The City considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not

susceptible to accrual. At June 30, taxes receivable are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special districts.

Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the City are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Grant revenues that are unearned at year-end are recorded as unearned revenues. Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

E. Budgetary Data

The City's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General, Special Revenue, Debt Service, Enterprise Funds, and Internal Service Funds. All annual appropriations lapse at the fiscal-year end.

Capital Project Funds, including the Enterprise Capital Projects Funds, are budgeted on a project or an annual basis depending on the estimated life of the project. The enterprise fund projects are consolidated with their respective operating fund for reporting purposes. A financial plan was adopted by City Council as part of the Annual Budget ordinance approval for the Internal Service Fund operations as required by the General Statutes. All budgets are prepared using the modified accrual basis of accounting.

Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the functional level for the multi-year funds. The City Manager is authorized by the budget ordinance to make unlimited transfers within a fund; however, the governing board must approve any revisions that alter the total expenditures of any fund.

A budget calendar is included in the North Carolina General Statutes, which prescribes the last day on which certain steps of that budget procedure are to be performed.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to June 30, the budget is legally enacted through passage of an ordinance.
4. The City monitors budget performance through the Budget and Evaluation Office. The office monitors revenues and reviews expenditures against the departmental budget and prepares budget amendments as necessary.

F. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Fund Equity

1. Deposits and Investments

All deposits of the City and of the ABC Board are made in board-designated official depositories and are secured as required by state law (G.S. 159-31). The City and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the City and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law (G.S. 159-30 (c)) authorizes the City and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and banker's acceptances; and the North Carolina Capital Management Trust (NCCMT).

The City and the ABC Board's investments with a maturity of more than one year at acquisition and non-money market investments are reported at fair value as determined by quoted market prices. The securities of the NCCMT Cash Portfolio, an SEC registered (2a-7) money market mutual fund, are valued at fair value, which is the NCCMT's share price. The NCCMT Term Portfolio's securities are valued at fair value.

As allowed by State law, the City has invested in securities which are callable and which provide for periodic interest rate increases in specific increments until maturity. These investments are reported at fair value as determined by quoted market prices.

2. Cash and Cash Equivalents

The City pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The ABC Board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash and cash equivalents.

3. Restricted Assets

The financial statements of the enterprise funds have been consolidated to include applicable reserve funds and capital project funds. The assets of these funds are classified as restricted because their use is restricted. The unexpended bond proceeds of Combined Enterprise System Revenue Bonds and General Obligation Bonds issued by the City are classified as restricted assets for the enterprise funds and capital project fund because their use is completely restricted to the purposes for which the bonds were issued. In addition, customer utility deposits in the enterprise funds and surety deposits on erosion control and subdivision requirements in the General Fund are restricted.

4. Ad Valorem Tax Receivable

In accordance with state law (G.S. 105-347 and G.S. 159-13 (a)), the City levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The levy is based on the assessed valuation of property located in the City as of January 1, 2013. Value of personal property is established annually, and by state law, real property must be appraised at least once every eight years. The last revaluation of real property became effective with the 2012 tax levy. The City's current combined tax rate is \$.675. Property taxes are levied July 1, the beginning of the fiscal year, and are due on September 1 (lien date) and payable without penalty or interest until the sixth of January.

On and after January 6, taxes become delinquent; a lien attaches to the property, and a penalty of 2 percent is assessed. On February 1, interest accrues at the rate of .75 percent per month until paid. As allowed by State law, the City has established a schedule of discounts that apply to taxes that are paid

prior to the due date. In the City's General Fund, ad valorem tax revenues are reported net of such discounts.

The City has arrangements with Guilford, Randolph, Davidson and Forsyth counties for the billing and collecting of the City's property taxes.

The City is permitted by the general statutes of the State to levy taxes up to \$1.50 per \$100 of assessed valuation for general governmental services other than the payment of principal and interest on long-term debt, and in unlimited amounts for the payment of principal and interest on long-term debt.

The tax rate to finance general governmental services other than the payment of principal and interest on long-term debt for the year ended June 30, 2014, was \$.6397 per \$100, which means that the City has a tax margin of \$.8603 per \$100.

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Notes Receivable

Notes receivable for the Community Development Fund represent loans made through grant programs that are collectible in future fiscal years. Recognition of this revenue is considered to be unavailable until both measurable and available in the governmental funds. In the government-wide financial statements, however, these amounts are reported as revenues in the year that they are earned.

7. Inventory and Prepaid Items

Inventories of the City are valued at cost (first-in, first-out), which approximates market. Inventories in the internal service and enterprise funds and those of the ABC Board consist of expendable supplies held for consumption. The costs of these inventories are recorded as an expense as the inventories are consumed. The City of High Point ABC Board values its inventory at replacement cost.

Certain payments to vendors reflect costs applicable to future accounting periods, are recorded as prepaid items in both government-wide and fund financial statements, and are expensed as the items are used.

8. Capital Assets

Capital assets of the City are defined as assets with an initial cost of more than a certain amount and estimated useful life of more than three years. The minimum capitalization cost for all capital assets excluding infrastructure and land is \$5,000. Infrastructure has a capitalization threshold of \$50,000. All land is capitalized, regardless of cost. The City's purchased capital assets are recorded at cost. Donated capital assets are listed at fair value at the time of donation. General infrastructure assets acquired prior to July 1, 2003, consist of the road network (roads, curbs and gutters, sidewalks, and bridges) that were acquired, contributed by contractors, or that received substantial improvements subsequent to July 1, 1980, and are reported at estimated historical deflated replacement cost. The cost of normal maintenance and repairs that do not add to the value or materially extend the assets' lives are not capitalized.

Depreciation of capital assets is provided on the straight-line method over their estimated useful lives:

Buildings	25-50 years
Infrastructure	10-40 years
Improvements	10-20 years
Machinery and equipment	3-20 years
Computer software	5-10 years

Capital assets in the proprietary funds of the City and of the ABC Board are recorded at original cost at the time of acquisition. Property, plant, and equipment donated to the proprietary fund type operations are recorded at the estimated fair value at the date of donation. Capital assets of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

Buildings	20 years
Equipment	10 years
Furniture and fixtures	5 years
Automobiles	7 years

The City evaluates prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. A capital asset is generally considered impaired if both (a) the decline in service utility of the capital asset is large in magnitude and (b) the event or change in circumstance is outside the normal life cycle of the capital asset. Impaired capital assets that will no longer be used by the City are reported at the lower of carrying value or fair value. Impairment losses on capital assets that will continue to be used by the City are measured using the method that best reflects the diminished service utility of the capital asset. Any insurance recoveries received as a result of impairment events or changes in circumstances resulting in the impairment of a capital asset are netted against the impairment loss.

9. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *Deferred Outflows of Resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The City does not have any items meeting this criteria at June 30, 2014.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *Deferred Inflows of Resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The City has four items that meet the criterion for this category – prepaid taxes, property taxes receivable, unearned revenues and unamortized gain on refunding and revenue refunding bonds.

10. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount. Bond issuance costs are expensed in the reporting period in which they are incurred.

In fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

11. Compensated Absences

The vacation policy of the City provides for the accumulation of up to thirty-seven and one-half (37.5) days earned vacation leave with such leave being fully vested when earned. For the City's government-

wide and proprietary funds, an expense and liability for compensated absences are recorded as the leave is earned. Compensated absences are reported in the governmental funds only if they have matured. The current portion of the accumulated vacation pay has been estimated based on historical trends.

Both the City's and the ABC Board's sick leave policies provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither the City nor the ABC Board has any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

12. Net Position / Fund Balances

Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets; restricted; and unrestricted.

- Net investment in capital assets represents the portion of net position associated with nonliquid-capital assets less the outstanding capital asset related debt.
- Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through State statute.
- Unrestricted net position represents resources with no externally imposed restrictions on use. While the City has allocated portions of unrestricted net position for various purposes, the City has the unrestricted authority to revisit or alter the allocation with managerial or City Council decision.

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance

This classification includes amounts that cannot be spent because they are (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Prepaid items – represents that portion of fund balance in the governmental funds for prepaid items, such as postage and other prepaid expenses.

Restricted Fund Balance

This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute - portion of fund balance which is not available for appropriation under State law (G.S. 159-8(a)). This amount is usually comprised of accounts receivable, interfund receivables that have not been offset by revenues classified as unavailable, and encumbrances as shown in Note 2.B.6.

Restricted for transportation – portion of fund balance restricted by revenue source for sidewalk and turn lane construction improvements. This amount does not include any balance of unexpended Powell Bill funds which would be disclosed with its own fund balance component.

Restricted for debt service – portion of fund balance of the General Debt Service Fund restricted by revenue source to service the debt service payments of general government debt.

Restricted for grant programs – portion of fund balance restricted by various granting agencies for expenditures for public safety, planning and community development, and culture and recreation.

Restricted for capital projects – portion of fund balance restricted by revenue source for certain capital project purposes as defined by applicable bond and other debt instruments.

Committed Fund Balance

This classification of fund balance can only be used for specific purposes as authorized in a formal action utilizing an ordinance or ordinance amendment as approved and imposed by a majority vote by quorum of the City of High Point's City Council (the highest level of decision making authority). Any changes or removal of specific purpose requires a similar majority action by the governing body.

Committed for economic development purposes – portion of fund balance available for appropriation that has been committed by City Council for economic development incentives and reimbursements.

Committed for benefits and wellness – portion of fund balance available for appropriation that has been committed by City Council for employee healthcare improvement purposes.

Committed for capital projects – portion of fund balance available for appropriation that has been committed by City Council for specific capital projects.

Assigned Fund Balance

This classification of fund balance has been designated to be used for specific purposes. Fiscal policies formally adopted by the City Council allow the governing body to take informal action to assign a portion of fund balance for a particular purpose or program and extends similar authority to the City Manager. Assigned fund balances lapse at the end of the fiscal year unless these assignments are extended.

Assigned for subsequent year's expenditures - portion of fund balance that is appropriated in the adopted 2014-2015 budget ordinance that is not already classified in restricted or committed.

Assigned for general government – portion of fund balance that has been budgeted for downtown streetscape improvements and financial services projects.

Assigned for public safety – portion of fund balance that has been budgeted for High Point Police Community Day activities.

Assigned for culture and recreation - portion of fund balance that has been budgeted for lighting system improvements at the High Point Theatre; portion of fund balance assigned in support of the Baldwin Museum; portion of fund balance that has been budgeted by the City Council for capital improvements at High Point Parks and Recreation Department facilities.

Assigned for planning and economic development – portion of fund balance that has been budgeted by the City Council for enhancements to the base mapping project.

Assigned for public services and transportation – portion of fund balance that has been budgeted by the City Council for various future transportation and public services capital projects.

Assigned fund balances	<u>June 30, 2014</u>
Subsequent year's expenditures	\$ 4,202,575
General government (StreetScape)	163,403
General government (Financial Services)	80,000
Public safety	12,751
Culture and recreation (Theatre)	30,838
Culture and recreation (Museum)	18,500
Culture and recreation (Parks and Rec.)	429,894
Planning and econ. dev. (Base Mapping)	107,873
Public services and transportation (Trans.)	315,104
Public services and transportation (Pub. Svcs.)	248,379
Total assigned fund balances	<u>\$ 5,609,317</u>

Unassigned Fund Balance

This is that portion of fund balance which has not been restricted, committed or assigned to specific purposes or other funds.

The City of High Point has a revenue spending policy for programs and activities with multiple revenue sources. The Financial Services Director will use resources in the following hierarchy: federal funds, state funds, bond and/or installment contract proceeds, local non-City funds, City funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance, and lastly unassigned fund balance. The Financial Services Director and City Manager have the authority to deviate from this policy where it is in the best interest of the City.

The City of High Point has also adopted a minimum fund balance policy for the General Fund which provides that the City will maintain an available fund balance at least equal to or greater than 10% of budgeted expenditures.

G. Revenues, Expenditures and Expenses

1. Grant Revenue

The City recognizes revenues (net of estimated uncollectible amount, if any), when all applicable eligibility requirements, including time requirements, are met. Resources transmitted to the City before meeting the eligibility requirements are recorded and reported as deferred revenues.

2. Investment income

The City recognizes investment income from pooled cash and investments as revenues in the individual funds based on the percentage of a fund's average monthly investment in pooled cash and investments to the total average monthly-pooled equity in pooled cash and investments. All investment earnings are allocated and recorded monthly in each individual fund.

3. Interfund Transactions

Interfund transactions are either services provided, reimbursements or transfers. Services that are deemed to be reasonably equivalent in value are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs the cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement, if material. All other interfund transactions are presented as transfers. Transfers within governmental activities and business-type activities are eliminated upon consolidation.

The City also transfers capital assets between funds as needed. These types of transfers are reflected as loss on disposal in the fund making the transfer and capital contributions in the fund receiving the assets.

Also, the ABC Board makes quarterly transfers to the City's General Fund. These transfers represent the City's portion of the Board's surpluses that the ABC Board is required by State statute to distribute to the City. These transactions are considered external transactions – that is, revenues and expenses.

H. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

I. Reconciliation of Governmental Funds to Government Wide Activities

The preparation of financial statements requires summarizing certain details reconciling the modified accrual basis of accounting for the governmental funds to the full accrual basis presented for governmental activities. The following liabilities are summarized to the reconciliation in the financial statement:

Accrued interest payable	\$ 704,660
Compensated absences	4,218,461
Installment contracts payable	3,663,379
OPEB liability	5,102,136
General obligation bonds payable	<u>73,820,095</u>
Effect of adding certain liabilities not payable in the current period	<u>\$87,508,731</u>

Note 2. Detail Notes on All Funds

A. Assets

1. Deposits

All the deposits of the City and the ABC Board are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the City's or the ABC Board's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the City and the ABC Board, these deposits are considered to be held by the City's and the ABC Board's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the City, the ABC Board or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the City or the ABC Board under the Pooling Method, the potential exists for under collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial

stability for each depository that collateralizes public deposits under the Pooling Method. The City and the ABC Board have no formal policy regarding custodial credit risk for deposits, but rely on the State Treasurer to enforce standards of minimum capitalization for all pooling method financial institutions and to monitor them for compliance.

The City and the ABC Board comply with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2014, the City's deposits had a carrying amount of \$13,809,418 and a bank balance of \$13,418,172. The carrying amount of deposits for the ABC Board was \$2,639,983 and the bank balance was \$2,566,115. Of the bank balances, the City and the ABC Board had \$1,463,944 and \$476,058, respectively, covered by federal depository insurance and the remainder of \$11,954,228 and \$2,090,057, respectively, was covered by collateral held under the pooling method. At June 30, 2014, the City and the ABC Board held petty cash funds of \$20,779 and \$13,650, respectively.

2. Investments

At June 30, 2014, the City's investment balances were as follows:

	Fair Value	Maturity	Rating
U.S. Treasuries & Agencies	\$ 63,953,127	1 to 5 Years	AAA/Aaa
Commercial Paper	8,992,822	var to 3/2/2015	A1P1
NC Capital Management Trust - Cash Portfolio	148,414,057	N/A	AAAm
NC Capital Management Trust - Term Portfolio	20,038,940	0.17 Years	Unrated
	<u>\$ 241,398,946</u>		

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits at least half of the City's investment portfolio to maturities of less than 12 months. Also, the City's investment policy requires purchases of securities to be laddered with staggered maturity dates and limits all securities to a final maturity of no more than five years.

Credit risk. The City's investment policy limits the City's investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. At June 30, 2014, the investments in the U.S. Treasuries were rated AAA by Standard & Poor's and Aaa by Moody's Investors Service. The City's investment in the NC Capital Management Trust Cash Portfolio carried a credit rating of AAAM by Standard & Poor's as of June 30, 2014. The City's investment in the NC Capital Management Trust Term Portfolio is unrated. The Term Portfolio is authorized to invest in obligations of the U.S. government and agencies, and in high grade money market instruments permitted under NC General Statutes 159-30 as amended.

Custodial credit risk. For an investment, the custodial credit risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investment policy requires all book-entry investment securities to be in the City's name and delivered versus payment to a City-named third-party custodian. Certificated securities are held in the custody of the Financial Services Director.

Concentration of Credit Risk. The City's investment policy places limits on the amount that the City may invest in any one type of security and also any one issuer. There is no limit for direct obligations of the U.S. Treasury or investments in mutual funds certified by the Department of State Treasurer (NCCMT). Securities issued by agencies of the U.S. government are limited to a maximum of 75% of the portfolio and individually limited to 30% concentration to any one government agency. Commercial paper and bankers acceptances may not exceed 30% and 20%, respectively, of the portfolio. Policy also limits investments to 2% of the portfolio for any individual non-governmental issuers. More than 5% of the City's investments are in U.S. Government Agencies which are primarily Federal Home Loan Mortgage

Corporation (12.3%), Federal Farm Credit Bank (10.6%), Federal Home Loan Bank (6.7%) and Federal National Mortgage Association (6.3%) securities.

3. Receivables - Allowances for Doubtful Accounts

The amounts presented in the Statements of Net Position, Governmental Funds Balance Sheet and Proprietary Fund Statement of Net Position, are net of the following allowances for doubtful accounts:

<u>Fund</u>	
General Fund:	
Taxes receivable	\$ 2,676,043
Accounts receivable	<u>653,369</u>
Total General Fund	3,329,412
Water and Sewer Fund:	
Accounts receivable	703,607
Electric Fund:	
Accounts receivable	2,044,248
Landfill Fund:	
Accounts receivable	125,203
Storm Water Fund:	
Accounts receivable	<u>33,233</u>
Total Allowances	<u><u>\$ 6,235,703</u></u>

4. Capital Assets

A summary of changes in capital assets for the year ended June 30, 2014, follows:

	Primary Government			Ending Balance

2. Pension Plan Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The City of High Point and the ABC Board contribute to the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS provides retirement and disability benefits to plan members and beneficiaries. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Plan members are required to contribute six percent of their annual covered salary. The City and the ABC Board are required to contribute at an actuarially determined rate. For the City, the current rate for employees not engaged in law enforcement and for law enforcement officers is 7.07% and 7.28%, respectively, of annual covered payroll. For the ABC Board, the current rate for employees not engaged in law enforcement is 7.07% of annual covered payroll. The contribution

requirements of members and of the City of High Point and the ABC Board are established and may be amended by the North Carolina General Assembly.

The City’s contributions to LGERS for the years ended June 30, 2014, 2013 and 2012 were \$4,640,730, \$4,372,809, and \$4,389,753, respectively. The ABC Board’s contributions to LGERS for the years ended June 30, 2014, 2013 and 2012 were \$62,446, \$58,408, and \$58,448, respectively. The contributions made by the City and the ABC Board equaled the required contributions for each year.

b. Law Enforcement Officers’ Special Separation Allowance

1. Plan Description.

The City of High Point administers a public employee retirement system (the “Separation Allowance”), a single-employer defined benefit pension plan that provides retirement benefits to the City’s qualified sworn law enforcement officers. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Separation Allowance does not issue a stand-alone financial report. Financial and trend information is presented as required supplementary information following these notes.

The Separation Allowance covers all full-time law enforcement officers of the City. At December 31, 2013, the Separation Allowance’s membership consisted of:

Retirees currently receiving benefits.....	41
Active plan members.....	<u>230</u>
Total.....	<u>271</u>

2. Summary of Significant Accounting Policies.

Basis of Accounting. The City has chosen to fund the Separation Allowance on a pay-as-you-go basis. The City’s contributions are recognized in the period when due. In addition, the City has elected to partially pay the future overall cost of coverage for these benefits. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with terms of the Separation Allowance.

Method Used to Value Investments. In addition to providing pay-as-you-go funds to pay current benefits and administrative costs, funds are also being set aside to pay benefits and administration costs in future years. Expenditures currently are being paid as they become due. Investments are valued at market which approximates cost.

3. Contributions.

The City is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the benefit payments on a pay-as-you-go basis through appropriations made in the General Fund operating budget. The City’s obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. The City contributed \$50,000 during the fiscal year ended June 30, 2014 toward the reduction of the accrued actuarial liability. There were no contributions made by employees.

The annual required contribution for the current fiscal year was determined as part of the December 31, 2013 actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions included (a) 5.00% investment rate of return (net of administrative expenses) and (b) projected salary increases of 4.25% to 7.85% per year. Both (a) and (b) included an inflation component of 3.00%. The Separation Allowance's unfunded actuarial accrued liability is being amortized as a level percentage of pay on a closed basis. The remaining amortization period at December 31, 2013 was seventeen years. The assumptions did not include postemployment benefit increases.

4. Annual Pension Cost and Net Pension Obligation/(Asset).

The City's annual pension cost and net pension obligation/(asset) to the Separation Allowance for the current year were as follows:

Annual required contribution.....	\$ 730,596
Interest on net pension asset.....	(3,758)
Adjustment to annual required contribution.....	6,124
Annual pension cost.....	<u>732,962</u>
Contributions made.....	<u>750,397</u>
Decrease in net pension obligation.....	(17,435)
Net pension obligation (asset), beginning of year.....	<u>(75,161)</u>
Net pension obligation (asset), end of year.....	<u>\$ (92,596)</u>

3-Year Trend Information

<u>Fiscal Year Ended</u>	<u>Annual Pension Cost (APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation/(Asset)</u>
6/30/2012	\$ 670,351	112.55%	\$ (6,613)
6/30/2013	683,778	110.02%	(75,161)
6/30/2014	732,962	102.38%	(92,596)

5. Funded Status and Funding Progress.

As of December 31, 2013, the most recent actuarial valuation date, the plan was 5.12% funded. The actuarial value of the plan assets was determined using current market value as these assets were invested in securities of the NCCMT Cash Portfolio, an SEC registered (2a-7) money market mutual fund, which maintains a \$1 NAV. The actuarial accrued liability for benefits was \$7,529,858, and the actuarial value of assets was \$385,583, resulting in an unfunded actuarial accrued liability (UAAL) of \$7,144,275. The covered payroll (annual payroll of active employees covered by the plan) was \$12,611,511 and the ratio of the UAAL to the covered payroll was 56.65%.

The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets are increasing or decreasing over time relative to the actuarial accrued liability for benefits.

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The City contributes to the Supplemental Retirement Income Plan for Law Enforcement Officers (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the City. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Plan is included in the

Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Plan. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 requires the City to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. In addition, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2014 were \$1,922,649, which consisted of \$627,247 from the City and \$1,295,402 from the law enforcement officers.

d. Firefighter's and Rescue Squad Workers' Pension Fund

Plan Description. The State of North Carolina contributes, on behalf of the City of High Point, to the Firefighter's and Rescue Squad Workers' Pension Fund (Fund), a cost-sharing multiple-employer defined benefit pension plan with a special funding situation administered by the State of North Carolina. The Fund provides pension benefits for eligible fire and rescue squad workers that have elected to become members of the fund. Article 86 of G.S. Chapter 58 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Firefighter's and Rescue Squad Workers' Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Plan members are required to contribute \$10 per month to the Fund. The State, a non-employer contributor, funds the plan through appropriations. The City does not contribute to the Fund. The City has recognized on-behalf expenditures of \$61,530 corresponding revenues for those payments made by the State of North Carolina for the year ended June 30, 2014. Contribution requirements of plan members and the State of North Carolina are established and may be amended by the North Carolina General Assembly.

e. Other Post-employment Benefits-Health Care Benefit Plan

Plan Description. Under the terms of a City resolution, the City administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). The City provides continuation of medical insurance coverage to employees who retire under the North Carolina Local Governmental Employees' Retirement System (NCLGERS) eligibility terms at the same time they end their continuous service to the City. The retiree and his or her spouse may elect to receive this coverage until the participant becomes Medicare-eligible. The retiree assumes the full blended premium of the healthcare coverage plan as may be renegotiated and adjusted periodically. The City Council may amend the HCB Plan in its discretion. A separate report was not issued for the HCB Plan.

The ABC Board administers its own single employer defined benefit healthcare plan (the Retiree Health Plan) which provides its retirees who have a minimum 25 completed years of service to the ABC Board and who are not eligible for Medicare benefits the opportunity to remain enrolled in its group health insurance plan. The ABC Board pays the full cost of coverage for those benefits through private insurance. A separate report was not issued for the ABC Board's Plan.

Membership of the HCB Plan and in the ABC Board's Retiree Health Plan at December 31, 2012, the date of the latest actuarial valuations consisted of the following:

	City	ABC Board
Active Employees	1,365	24
Retired Employees	89	4
Total	<u>1,454</u>	<u>28</u>

Funding Policy. The City currently pays for postemployment healthcare benefits on a pay-as-you-go basis. Retirees contribute the full blended premium of the healthcare coverage plan to the City as may be renegotiated and adjusted periodically. Although the City is studying the establishment of a trust that would be used to accumulate and invest assets necessary to pay for the accumulated liability, these financial statements assume the pay-as-you-go method will continue.

The current annual required contribution (ARC) rate is 1.78% of annual covered payroll. For the current year, the City contributed \$915,871, including retiree contributions, or 1.43% of annual covered payroll. The City obtains healthcare coverage through private insurers. There were no contributions made by employees and retirees contributed \$768,252 during the fiscal year. The City's obligation to contribute to the HCB Plan is established and may be amended by the City Council.

The ABC Board currently pays for postemployment healthcare benefits on a pay-as-you-go basis based upon Board resolution. In the fiscal year ended June 30, 2014, the ABC Board contributed \$57,120 to its Plan.

Summary of Significant Accounting Policies. Postemployment expenditures are made from the General Fund and the proprietary funds, which are maintained on the modified accrual basis of accounting in accordance with State law. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

For the ABC Board, postemployment expenditures are made from the Board's General Fund which is maintained on the modified accrual basis of accounting in accordance with State law. No funds are set aside to pay benefits and administration costs. These expenditures are paid as they come due.

Annual OPEB Cost and Net OPEB Obligation. The City's annual OPEB cost (expense) is calculated based on the ARC of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The payment of current health insurance premiums for retirees and covered spouses totaled \$915,871 which, when coupled with the actuarially determined implicit subsidy of \$351,152 for the purpose of determining the Net OPEB Obligation, resulted in a net increase in the OPEB obligation of \$1,007,112 as of June 30, 2014. The ABC Board's OPEB cost (expense) is also calculated based on the ARC for the current year as actuarially determined in accordance with the parameters of GASB Statement No. 45.

The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation for the postemployment healthcare benefits, as well as the related amounts for the ABC Board:

	City	ABC Board
Annual required contribution (ARC)	\$1,144,440	\$29,430
Interest on net OPEB obligation	230,268	372
Adjustment to ARC	(219,977)	(355)
Annual OPEB Cost (pay-as-you-go)	1,154,731	29,447
Contributions made	(147,619)	(57,120)
Increase in net OPEB obligation	1,007,112	(27,673)
Net OPEB obligation, beginning of year	6,373,915	9,295
Net OPEB obligation, end of year	<u>\$7,381,027</u>	<u>(\$18,378)</u>

Trend information being accumulated for the City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation was as follows:

3-Year Trend Information			
For Year Ended	Annual OPEB	Percentage of	Net OPEB
June 30	Cost	Annual OPEB Cost Contributed	Obligation
2012	\$ 1,117,065	16.96%	\$ 5,756,697
2013	1,154,731	46.55%	6,373,915
2014	1,154,731	12.78%	7,381,027

Funded Status and Funding Progress. As of December 31, 2012, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits and, thus, the unfunded actuarial accrued liability (UAAL) was \$10,681,634. The covered payroll (annual payroll of active employees covered by the plan) was \$64,274,900, and the ratio of the UAAL to the covered payroll was 16.62%.

The ABC Board's Plan was not funded as of December 31, 2012, the most recent actuarial valuation date. The actuarial accrued liability for benefits and, thus, the unfunded actuarial accrued liability (UAAL) was \$433,675. The covered payroll (annual payroll of active employees covered by the plan) was \$834,156, and the ratio of the UAAL to the covered payroll was 52%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare trends. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements presents multiyear trend information as accumulated annually about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 31, 2012 actuarial valuation for the HCB Plan and the ABC Board's Retiree Health Plan, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 4.00 percent investment rate of return (net of administrative expenses), which is the expected long-term investment returns on the employer's own investments calculated based on the funded level of the plan at the valuation date, and an annual medical cost trend increase of 8.50 to 5.00 percent annually. Both rates included a 3.00 percent inflation assumption. The actuarial value of assets, if any, was determined using techniques that spread the effects of short-term volatility in the market value of investments over a 5-year period. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2012, was 30 years.

3. Other Employment Benefit

The City has also elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the system, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months before the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. Because all death benefit payments are made from the Death Benefit Plan and not by the City, the City does not determine the number of eligible participants.

The City has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other employment benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The City considers these contributions to be immaterial.

4. Closure and Postclosure Care Costs - Kersey Valley Landfill Facilities

State and federal laws and regulations require the City to place a final cover on its Kersey Valley Landfill Facilities when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the City reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$14,685,020 reported as landfill closure and postclosure care liability at June 30, 2014 represents a cumulative amount reported to-date based on the use of 100 percent of the total estimated capacity of the first, second and third phases of the landfill as well as the newly opened fourth phase. The City will recognize the remaining estimated costs of closure and postclosure care as new phases are developed. These amounts are based on what it would cost to perform all closure and postclosure care in 2014. Actual costs may be higher due to inflation, changes in technology, or changes in regulations. The City closed Phase I of the Kersey Valley Facilities in the fiscal year 1998 and Phase II was closed in fiscal year 2003. Phase III opened to begin accepting waste in fiscal year 2003, and ceased accepting additional waste in fiscal year 2013. Phase IV opened to begin accepting waste in fiscal year 2013.

The City has met the requirements of a local government financial test that is one option under State and federal laws and regulations that helps determine if a unit is financially able to meet closure and postclosure care requirements.

At June 30, 2014, the City has accumulated \$14,685,020 for future payment of closure and postclosure care costs. The City expects that future inflation costs will be paid from interest earnings on these annual contributions. However, if interest earnings are inadequate or additional postclosure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users.

5. Deferred Outflows and Inflows of Resources

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental and enterprise funds also defer revenue recognition of resources that have been received as of the year-end, but are unearned. Deferred inflows of resources at year-end is composed of the elements that follow:

	General Fund	General Capital Projects	Non-Major Governmental	Major Enterprise Funds	Non-Major Enterprise Funds
Prepaid privilege and showroom licenses (unearned)	\$ 532,752	\$ -	\$ -	\$ -	\$ -
Prepaid property taxes (unearned).....	11,434	-	-	-	-
Taxes receivable (net) (unavailable).....	2,267,146	-	-	-	-
Notes (unearned).....	-	-	4,649,247	-	-

6. Commitments

Commitments for the purchase of goods and services and for the construction and acquisition of assets are as follows at June 30, 2014:

General Fund	\$ 664,916
Special Revenue	321,563
General Capital Projects	2,216,470
Proprietary Funds	43,821,234
	<u>\$ 47,024,183</u>

Amounts shown above for the General, Special Revenue, and General Capital Project funds represent encumbrances and are components of restricted fund balances as described in Note 1.F.12.

7. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City protects itself from potential loss through a combination of risk-sharing participation, purchase of commercial insurance for primary and/or excess liability coverage and self-insured risk retention. Self-insured risks are primarily for general, professional, flood, law enforcement, vehicle and underground storage tank liabilities.

Claims liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include amounts for material claims that have been incurred but are not reported (IBNRs), based on actuarial computations. At June 30, 2014, the City did not have any material IBNRs reported in liabilities. Settled claims have not exceeded self-retained or purchased insurance coverage in any of the past three fiscal years and there have been no significant reductions in insurance coverage in the prior year.

The City has several properties located in various “at risk” categories as identified by the Federal Emergency Management Agency. Consequently, the City carries commercial flood insurance for aggregate coverage limits of \$250 million and for several specific properties at \$2 million per structure. Deductibles for specific loss range from \$100,000 to \$500,000 per location and can be covered under the general self-insured arrangements as discussed above.

In accordance with G.S. 159-29, the City’s employees that have access to \$100 or more at any given time of the City’s funds are performance bonded through a commercial surety bond. The Financial Services

Director is individually bonded for \$100,000. All other employees that have access to funds are bonded under a blanket bond for \$100,000.

8. Claims and Judgments

At June 30, 2014, the City was a defendant to various lawsuits. In the opinion of the City's management and the City attorney, the ultimate effect of these legal matters will not have a material adverse effect on the City's financial position.

9. Long-Term Obligations

a. Installment Purchase Contracts

The City has entered into installment purchase agreements to acquire certain equipment. The majority of these contracts are for a five-year term with quarterly or semi-annual payments. The principal sources of funding for these installment financing contracts are the General Fund and Internal Service Fund.

Future annual debt service payments on installment purchase contracts as of June 30, 2014, including interest of \$202,057 is as follows:

Year Ending <u>June 30.</u>	Governmental <u>Activities Principal</u>	Governmental <u>Activities Interest</u>
2015	\$ 1,430,071	\$ 77,998
2016	1,040,734	54,557
2017	784,502	35,494
2018	505,214	21,645
2019	353,984	10,418
2020	100,000	1,945
TOTAL	\$ 4,214,505	\$ 202,057

b. General Obligation Indebtedness

The City's general obligation bonds serviced by the governmental funds were issued for a variety of eligible purposes as permitted by North Carolina general statutes, including transportation, public safety, recreation, libraries and public buildings. Those general obligation bonds issued to finance the construction of facilities utilized in the operations of the enterprise funds and which its resources are retiring is reported as long-term debt in the respective enterprise fund. All general obligation bonds are collateralized by the full faith, credit, and taxing power of the City. Principal is payable annually in varying amounts through 2034. Principal and interest requirements will be provided by appropriation in the year in which they become due.

Bonds payable at June 30, 2014 are comprised of the following individual issues:

General Obligation Bonds

Serviced by the General Fund:

\$4,258,963 Series 2003 Refunding bonds for public safety, transportation, public buildings, and recreation facilities maturing serially on April 1 through 2015 with interest semiannually October 1 and April 1 at rates varying between 2.5% - 4.0%	\$ 316,692
\$14,815,000 Series 2005 Public Improvement bonds for transportation, public buildings, recreation, library and firefighting facilities maturing serially on March 1 through 2015 with interest semiannually September 1 and March 1 at rates varying 3.75% - 5.0%	462,808
\$17,524,774 Series 2005 Refunding bonds for public safety, transportation, public buildings, and recreation facilities maturing serially on March 1 through 2019 with interest semiannually September 1 and March 1 at rates varying between 3.5% - 5.0%	1,687,277
\$14,580,000 Series 2006 Public Improvement bonds for transportation, public buildings, recreation, library and firefighting facilities maturing serially on March 1 through 2027 with interest semiannually September 1 and March 1 at rates varying between 4.0% - 5.0%	1,251,029
\$4,000,000 Series 2007A Public Improvement bonds for transportation, public buildings, and recreation facilities maturing serially on March 1 through 2028 with interest semiannually September 1 and March 1 at rates varying between 4.0% - 4.75%	3,580,000
\$11,800,000 Series 2007B Public Improvement bonds for transportation, public buildings, recreation, library and firefighting facilities maturing serially on March 1 through 2028 with interest semiannually September 1 and March 1 at rates varying between 4.0% - 5.0%	10,143,149
\$10,540,000 Series 2008 Public Improvement bonds for transportation, public buildings, recreation, library and firefighting facilities maturing serially on March 1 through 2029 with interest semiannually September 1 and March 1 at rates varying between 3.25% - 4.25%	8,629,504
\$5,615,000 Series 2010A Public Improvement bonds for transportation and recreation facilities maturing serially on June 1 through 2017 with interest semiannually December 1 and June 1 at rates varying between 3.0% - 4.0%	2,775,000
\$13,315,000 Series 2010B Public Improvement (Taxable-Build America) bonds for transportation, public buildings, recreation, library and firefighting facilities maturing serially on June 1, 2018 through 2030 with interest semiannually December 1 and June 1 at rates varying between 3.798% - 5.675%	13,315,000
\$5,785,000 Series 2012 Public Improvement bonds for streets and sidewalks maturing serially on March 1 through 2032 with interest semiannually September 1 and March 1 at rates varying between 2.0% - 5.0%	5,205,000
\$6,217,425 Series 2012 Refunding bonds for transportation, public buildings, recreation, library and firefighting facilities maturing serially on March 1 through 2026 with interest semiannually September 1 and March 1 at rates varying between 2.0% - 5.0%	5,915,413
\$5,650,968 Series 2013 Refunding bonds for public safety, transportation, public buildings, and recreation facilities maturing serially on March 1 through 2019 with interest semiannually September 1 and March 1 at interest rate of 1.72%	5,557,281
\$8,866,942 Series 2014 Refunding bonds for transportation, public buildings, recreation, library and firefighting facilities maturing serially on March 1 through 2027 with interest semiannually September 1 and March 1 at rates varying between 2.5% - 5.0%	8,866,942
\$6,115,000 Series 2014 Public Improvement bonds for transportation, recreation, and firefighting facilities maturing serially on March 1 through 2034 with interest semiannually September 1 and March 1 at rates varying between 2.0% - 4.0%	6,115,000
Total serviced by governmental funds	73,820,095

Serviced by Enterprise Funds:

Water & Sewer Fund

\$3,310,412 Series 2003 Refunding bonds for water and sewer maturing serially on April 1 through 2015 with interest semiannually October 1 and April 1 at rates varying between 2.5% - 4.0%	\$ 246,159
\$20,395,226 Series 2005 Refunding bonds for water and sewer maturing serially on March 1 through 2019 with interest semiannually September 1 and March 1 at rates varying between 3.5% - 5.0%	2,012,723
\$14,595,000 Series 2010C Refunding bonds for water and sewer maturing serially on June 1, 2013 through 2022 with interest semiannually December 1 and June 1 at rates varying between 3.0% - 5.0%	11,520,000
\$6,036,114 Series 2012 Refunding bonds for water and sewer maturing serially on March 1, 2013 through 2026 with interest semiannually September 1 and March 1 at rates varying between 2.0% - 5.0%	5,742,909
\$8,824,032 Series 2013 Refunding bonds for water and sewer maturing serially on March 1 through 2019 with interest semiannually September 1 and March 1 at interest of 1.72%	<u>8,677,719</u>

\$20,475,000 Series 2010B Enterprise System Revenue (Taxable-Build America/RZED) Bonds for water and sewer maturing serially beginning November 1, 2016 through 2020 and term bonds maturing on November 1 beginning 2021 through 2035. The bonds pay interest semiannually November 1 and May 1 at rates varying 3.554% to 5.921%	20,475,000
\$32,125,000 Series 2012A Enterprise System Revenue Refunding Bonds for water and sewer maturing serially beginning November 1, 2015 through 2030 and term bonds maturing on November 1, 2029 and 2031. The bonds pay interest semiannually November 1 and May 1 at rates varying 2.00% - 5.00%	31,840,000
\$37,640,000 Series 2014 Enterprise System Revenue Refunding Bonds for water and sewer maturing serially beginning November 1, 2016 through 2036 and term bonds maturing on November 1, 2037, 2038, and 2039. The bonds pay interest semiannually November 1 and May 1 at rates varying 3.00% - 5.00%	37,640,000
Total serviced by Water & Sewer Fund	157,385,000
Premiums on revenue bonds	4,589,117
Total revenue bonds, net of premiums	<u>\$ 161,974,117</u>

The City has pledged future water and sewer customer revenues, net of specified operating expenses, to repay the aforementioned revenue bonds. The bonds are payable solely from these net water and sewer customer revenues and are payable through fiscal year 2040. Annual principal and interest payments on the bonds are expected to require less than 34.5% of net revenues. Principal and interest requirements will be provided by appropriation in the year in which they become due.

Annual Debt Service Requirements:

Annual debt service requirements to maturity for the revenue bonds are as follows:

Year Ending June 30,	Business -Type	
	Water and Sewer	
	Principal	Interest
2015	\$ 3,740,000	\$ 6,949,423
2016	3,975,000	6,833,529
2017	5,045,000	6,656,140
2018	5,235,000	6,449,331
2019	5,965,000	6,222,511
2020-2024	33,615,000	27,077,075
2025-2029	41,915,000	18,278,263
2030-2034	41,980,000	8,204,142
2035-2039	13,450,000	2,072,204
2040	2,465,000	61,625
Total	<u>\$ 157,385,000</u>	<u>\$ 88,804,243</u>

The City has been in compliance with the covenants as to rates, fees and charges in Section 7.04 of the Enterprise System Trust Agreement since its adoption in 2004 and the related Supplemental Trust Agreements and bond orders authorizing the Enterprise System Revenue Bonds, Series 2004, 2006, 2008, 2010 and 2014 and Enterprise System Refunding Revenue Bonds Series 2012 since their respective adoption. The Trust Agreement requires that the City maintain parity debt service coverage ratio to be no less than 120% or total debt service coverage ratio to be no less than 100% under one of two pronged tests. The debt service coverage ratio calculation for the year ended June 30, 2014, is as follows:

Prior Year Unrestricted Net Assets	\$ 29,062,125
Operating revenue	43,396,851
Operating expenses, excluding depreciation, bond interest and accrued OPEB	20,386,312
Income available for debt service	23,010,539
Parity debt service requirement	9,245,021
Total debt service requirement	16,069,628
Coverage on parity debt including 15% prior year unrestricted net assets	296%
Coverage on total debt excluding 15% prior year unrestricted net assets	143%

State and Federal Revolving and Bond Loans

Serviced by Enterprise Funds:

A loan was executed March 20, 1996 under the State Clean Water Bond Loan Program in the amount of \$2,300,000, at an interest rate of 5.3%, principal due annually for 20 years beginning in 1998. Additional amounts were granted under this loan and were drawn down during the year ended June 30, 1999, \$244,271 at 5.3% interest and \$55,407 at 5.85% interest. Principal payments are due annually for 19 years and 18 years, respectively, on these amounts. As of June 30, 2014, a total of \$2,599,678 had been drawn-down and principal payments of \$2,209,951 had been made leaving an outstanding balance of \$389,727. Interest expense was \$17,958 for the year ended June 30, 2014.

A federal revolving loan was executed March 14, 1996 for a sewer project in the amount of \$7,500,000, at an interest rate of 3.035%, principal to be repaid in 20 annual payments, the first principal payment being due 6 months after completion of the project. As of June 30, 2014, \$7,137,854 had been drawn-down and principal payments of \$6,745,682 had been made, leaving an outstanding balance of \$392,172. Interest expense was \$23,805 for the year ended June 30, 2014.

A federal revolving loan was executed April 6, 2001 for a sewer project in the amount of \$15,000,000, at an interest rate of 2.550%, principal to be repaid in 20 annual payments, the first principal payment being due 6 months after completion of the project. As of June 30, 2014, \$15,000,000 had been drawn-down and principal payments of \$9,000,000 have been made, leaving an outstanding balance of \$6,000,000. Interest expense was \$172,125 for the year ended June 30, 2014.

A federal revolving loan was executed October 17, 2011 for sewer projects under the stimulus provisions of the American Recovery and Reinvestment Act of 2009. The loan provided for 50% of the loan balance to be forgiven at the time of the loan closing and the balance of principal to be repaid in 20 annual payments at an interest rate of 0.0%. As of June 30, 2014, \$1,307,509 had been drawn-down and principal forgiveness of \$653,755 granted. In addition principal payments of \$132,006 have been made, leaving an outstanding balance of \$521,748.

Annual Debt Service Requirements:

Annual debt service requirements to maturity for the Loans Payable are as follows:

Year Ending	Business Activities-Loans and Notes Payable			
	Water and Sewer			
	State Clean Water Bond Loan		Federal Revolving Loans	
June 30,	Principal	Interest	Principal	Interest
2015	\$ 130,935	\$ 13,395	\$ 1,174,781	\$ 164,902
2016	130,935	8,827	782,609	133,875
2017	127,857	4,385	782,609	114,750
2018	-	-	782,609	95,625
2019	-	-	782,609	76,500
2020-2024	-	-	2,413,048	114,750
2025-2029	-	-	163,046	-
2030	-	-	32,609	-
Total	\$ 389,727	\$ 26,607	\$ 6,913,920	\$ 700,402

On June 1, 2012, the City issued \$15,440,000 in general obligation refunding bonds with interest rates from 2.00% to 5.00% with yields from 0.22% to 2.765%. The City issued the bonds to advance refund \$6,300,000 of the outstanding Series 2003 Water and Sewer Bonds with interest rates ranging from 3.50% to 4.25% and \$9,815,000 of the outstanding Series 2005 General Obligation Bonds with interest rates ranging from 4.125% to 5.00%. The City used the net proceeds along with other resources to purchase U.S. Government securities. The securities were deposited into an irrevocable trust to provide for all future debt service on the refunded portion of the 2003 and 2005 series bonds.

On June 1, 2012, the City issued \$32,125,000 in combined enterprise system revenue refunding bonds with interest rates from 2.00% to 5.00% with yields from 0.28% to 3.43%. The City issued the bonds to advance refund \$31,710,000 of the outstanding Series 2004 Combined Enterprise System Revenue Bonds with interest rates ranging from 3.50% to 5.00%. The City used the net proceeds along with other resources to purchase U.S. Government securities. The securities were deposited into an irrevocable trust to provide for all future debt service on the refunded portion of the 2004 series bonds.

On November 26, 2013, the City issued \$14,475,000 in taxable general obligation refunding bonds with an interest rate of 1.72%. The City issued the bonds to advance refund \$13,325,000 of the outstanding Series 2005 General Obligation Refunding Bonds with interest rates of 5.00%. The City used the net proceeds along with other resources to purchase U.S. Government securities. The securities were deposited into an irrevocable trust to provide for all future debt service on the refunded portion of the 2005 series bonds. The advance refunding reduced total debt service payments in the water and sewer fund and the general debt service fund over the next 6 years of \$582,274. This resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$561,422.

On May 21, 2014, the City issued \$10,100,000 in general obligation refunding bonds with interest rates from 2.50% to 5.00% with yields from 0.18% to 2.85%. The City issued the bonds to advance refund \$10,255,000 of the outstanding Series 2006 General Obligation Public Improvement Bonds with interest rates ranging from 4.00% to 5.00%. The City used the net proceeds along with other resources to purchase U.S. Government securities. The securities were deposited into an irrevocable trust to provide for all future debt service on the refunded portion of the 2006 series bonds. The advance refunding reduced total debt service payments in the general debt service fund and the storm water fund over the next 13 years of \$800,770. This resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of \$687,564.

As a result, that portion of the series 2003, series 2005 and series 2006 general obligation bonds, the series 2005 refunding bonds and the series 2004 revenue bonds are now considered defeased, and the City has removed the liabilities from its accounts. These bonds consisted of the following:

<u>Original Issue Date</u>	<u>Description</u>	<u>Interest Rate</u>	<u>Outstanding June 30, 2014</u>
May 1, 2003	Water and Sewer Bonds, Series 2003	3.50%-4.25%	\$ -
October 1, 2005	General Obligation Public Improvement Bonds, Series 2005	4.125%-5.00%	9,815,000
November 1, 2004	Combined Enterprise System Revenue Bonds, Series 2004	3.50%-5.00%	31,710,000
October 1, 2005	General Obligation Refunding Bonds, Series 2005	5.00%	13,325,000
June 1, 2006	General Obligation Public Improvement Bonds, Series 2006	4.00%-5.00%	10,255,000

The General Government long-term debt will be liquidated with the use of funds from the General and Debt Service Funds. All Business-type activities long-term debt will be liquidated with the use of funds from their respective funds.

At June 30, 2014, the City of High Point had authorized bonds for refunding purposes of \$11,985,000 and a legal debt margin of \$651,589,601. There are limitations and restrictions contained in the various bond indentures.

Compensated absences for governmental activities have typically been liquidated in the General Fund.

Note 3. Interfund Balances and Activity

A schedule of interfund transfers for the year ended June 30, 2014 is as follows:

Transfers to	Transfers from						Total
	General	Nonmajor Governmental	Water and Sewer	Electric	Nonmajor Enterprise	Internal Service	
General Fund.....	\$ -	\$ -	\$ 50,000	\$ 1,915,173	\$ -	\$ -	\$ 1,965,173
General Capital Projects Fund...	200,000	-	-	-	-	-	200,000
Non-major governmental funds	6,244,193	47,723	139,149	128,547	45,058	31,806	6,636,476
Non-major enterprise funds.....	<u>701,314</u>	<u>1,002,807</u>	-	-	-	-	<u>1,704,121</u>
Total.....	<u>\$ 7,145,507</u>	<u>\$ 1,050,530</u>	<u>\$ 189,149</u>	<u>\$ 2,043,720</u>	<u>\$ 45,058</u>	<u>\$ 31,806</u>	<u>\$ 10,505,770</u>

Transfers are used to move revenues from the appropriate funds for the payment of debt service principal and interest, move restricted borrowings to establish mandatory reserve accounts, and to move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies of matching funds for various grant programs.

The transfers from the Electric Fund to the General Fund represent the amounts designated for Economic Development and the International Home Furnishings Market as well as the payment in lieu of taxes.

The City also transferred \$50,000 from the General Fund to the Law Enforcement Officers' Pension Trust Fund. In the budgetary financial statements, this is shown as a transfer; however, in the basic financial statements, this is not shown as a transfer but as an expenditure.

During the fiscal year the City transferred capital assets between funds. In the internal service fund financial statements, capital assets transferred in are shown as capital contributions. The loss on disposal and capital contributions are eliminated in the government-wide statement presentation.

During the fiscal year ended June 30, 2008, the landfill fund provided \$1,500,000 to the general capital projects fund for the purchase of land and building for parks and recreation administration. This transfer was done in lieu of external financing options. The intent of the City Council and management is to repay the transfer semi-annually on a ten-year amortized schedule at an interest rate of 3.61% which represented the City's blended internal rate of return for short-term investments at that time. The interfund transaction is presented as a long-term interfund receivable for the enterprise fund and as a long-term interfund payable in the governmental fund statements.

Long-Term due to the Landfill Services Fund from General Capital Projects Fund \$ 664,858

Note 4. On-Behalf Payments for Fringe Benefits and Salaries

During the fiscal year ended June 30, 2014, the City has recognized on-behalf payments for pension contributions made by the state as a revenue and an expenditure of \$61,530 for the 172 participating employed firefighters. The employees elected to be members of the Firefighter's and Rescue Workers' Pension Fund, a cost-sharing, multiple-employer public employee retirement system established and administered by the State of North Carolina. The Plan is funded by a \$10 monthly contribution paid by each member, investment income, and a State appropriation. See Note 2.B.2.d.

Note 5. Joint Ventures

- A. The North Carolina Municipal Power Agency Number 1 (Agency) is a joint venture organized and existing pursuant to Chapter 159B of the General Statutes of North Carolina to enable municipalities owning electric

distributions systems, through the organization of the Agency, to finance, construct, own, operate and maintain electric generation and transmission facilities. The Agency has nineteen members (participants), which receive power from the Agency. The Agency has entered into a Project Power Sales Agreement and a Supplemental Power Sales Agreement with each participant. These agreements provide for each participant to purchase from the Agency its all-requirements bulk power supply, in excess of power allotments from the Southeastern Power Administration (SEPA), which includes its total share of project output (as defined by the Project Power Sales Agreement). The Agency is obligated to provide all electric power required by each participant at the respective delivery points. Each participant is obligated to pay its share of the operating and debt service costs of the project.

The City began purchase of power from the Agency under the power sales agreement dated July 1, 1983.

Each municipality may appoint one commissioner to serve on the Agency's board. The board elects its own officers and is responsible for the selection of management to run the daily operations of the Agency. The Agency is responsible for budgeting and receiving its financing.

Summary financial information for the Agency for the year ended December 31, 2013 is presented below (in thousands of dollars):

	<u>Total</u>
Current and other assets.....	\$ 1,010,009
Capital assets.....	1,162,326
Deferred outflows of resources.....	<u>108,367</u>
Total assets and deferred outflows of resources.....	<u>2,280,702</u>
Current liabilities.....	192,420
Long term debt & other non-current liabilities.....	1,726,625
Deferred inflows of resources.....	<u>310,381</u>
Total liabilities and deferred outflows of resources.....	<u>2,229,426</u>
Total net position.....	<u>\$ 51,276</u>
Total revenues.....	\$ 497,040
Total expenses.....	<u>514,316</u>
Net decrease in net position.....	<u>\$ (17,276)</u>

As of December 31, 2013, the Agency had outstanding \$1,433,090,000 of bonds.

The following is a summary of debt service requirements for bonds outstanding at December 31, 2013 (in thousands of dollars):

<u>Year</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$ 233,230	\$ 64,279	\$ 297,509
2015	128,150	58,273	186,423
2016	138,235	52,352	190,587
2017	147,475	45,274	192,749
2018-2022	444,560	130,776	575,336
2023-2027	171,890	69,512	241,402
2028-2032	169,550	22,718	192,268
	<u>\$ 1,433,090</u>	<u>\$ 443,184</u>	<u>\$ 1,876,274</u>

The City has made no investment in this joint venture. The City's only financial involvement with the agency relates to the power sales agreement for power purchases. The City's purchases of power for the fiscal year

ended June 30, 2014 totaled \$100,834,175. Complete financial statements for the Power Agency can be obtained from the Agency's administrative offices at P.O. Box 29513, Raleigh, NC 27626-0513.

- B. The Piedmont Triad Regional Water Authority is a consortium formed by the City, the City of Archdale, the City of Greensboro, the Town of Jamestown, the City of Randleman, and Randolph County for the purpose of construction of the Randleman Dam and to provide a regional water resource. Each participating government appoints members to the board: Greensboro (3), High Point (2), Randolph County (2), Jamestown (2), and Randleman (1) for a total of 10 members. The dam is a joint venture for the purchase of land, construction of a dam, and a wastewater bypass. The Randleman Dam was completed in January 2003 and the impoundment of water is complete. The Authority completed the construction for a water treatment plant and a raw water pump station, transmission lines, and a finished water pump station during FY 2010-2011. The Piedmont Triad Regional Water Authority is operating and maintaining these facilities under an interlocal agreement among the members. The City's allocable portion of capacity and distributable water is 19% or approximately 9 MGD at full operational limits. The City's financial involvement includes membership dues for the allocated administrative costs of the authority and the water purchases under a water sales agreement. The City paid \$304,703 for member dues and \$795,890 for water purchases during the fiscal year ended June 30, 2014. Complete financial statements for the Piedmont Triad Regional Water Authority may be obtained from Piedmont Triad Regional Water Authority, P.O. Box 1326, Randleman, NC 27317.
- C. The governing boards of the cities of Winston-Salem, Burlington, Greensboro, and High Point established the Piedmont Authority of Regional Transportation under the Regional Public Transportation Authority Act, North Carolina General Statutes Chapter 160A, Article 27. The purpose of the Authority is to promote the development of sound transportation systems that provide transportation choices for citizens in its territorial jurisdiction. The participating governments do not have an equity interest in the joint venture. The City of High Point does not have financial responsibility for the Authority and is not responsible for its debts. Audited financial statements for the Piedmont Authority of Regional Transportation are available through the City of Winston-Salem, Finance Department, P.O. Box 2511, Winston-Salem, North Carolina 27102.
- D. The City and the members of the City's fire department each appoint two members to the five-member local board of trustees for the Firefighters' Relief Fund. The State Insurance Commissioner appoints one additional member to the local board of trustees. The Firefighters' Relief Fund is funded by a portion of the fire and lightning insurance premiums that insurers remit to the State. The State passes these moneys to the local board of the Firefighters' Relief Fund. The funds are used to assist fire fighters in various ways. The City obtains an ongoing financial benefit from the Fund for the on-behalf of payments for salaries and fringe benefits made to members of the City's fire department by the board of trustees. During the fiscal year ended June 30, 2014, the City had no revenues to report nor expenditures for payments made through the Firefighters' Relief Fund. The participating governments do not have any equity interest in the joint venture, so no equity has been reflected in the financial statements at June 30, 2014. The Firefighters' Relief Fund does not issue separate audited financial statements. Instead, the local board of trustees files an annual financial report with the State Firemen's Association. This report can be obtained from the Association at 323 West Jones Street, Suite 401, Raleigh, North Carolina 27603.

Note 6. Jointly Governed Organizations

- A. The City in conjunction with 6 counties and 25 other municipalities established the Piedmont Triad Regional Council (Council). The participating governments established the Council to coordinate various funding received from federal and State agencies. Each participating government appoints one member to the Council's governing board. The City paid membership fees of \$22,154 to the Council during the fiscal year ended June 30, 2014.
- B. The City has an agreement with the Piedmont Triad Airport Authority in which it appoints one member to the board. The City has no financial obligation or investment in the operation of the Airport Authority. Complete financial statements for the Piedmont Triad Airport Authority may be obtained through the Airport Authority, 1000A Ted Johnson Parkway, Greensboro, NC 27409.

- C. The City created a High Point Convention and Visitors Bureau (the Bureau) to promote tourism and to solicit and encourage convention business in High Point. The City appoints one of the eleven voting members of the Bureau. Revenues from the county-wide occupancy tax pass through the City to the Bureau. The City paid \$1,464,141 to the Bureau during the fiscal year ended June 30, 2014. The City has no other financial obligation or investment in the operation of the Bureau.

Note 7. Related Organization

The eight-member board of the City of High Point Housing Authority includes seven members appointed by the Mayor of the City of High Point and one Council member liaison. The City is accountable for the Housing Authority because it appoints the governing board; however, the City is not financially accountable for the Housing Authority. The City of High Point is also disclosed as a related organization in the notes to the financial statements for the City of High Point Housing Authority. Complete financial statements for the Housing Authority can be obtained from the Authority's offices at 500 East Russell Avenue, High Point, NC 27260.

Note 8. Summary Disclosure of Significant Contingencies

A. Federal and State-Assisted Programs

The City has received proceeds from several federal and state grants, principal of which are the Community Development Block Grant and Federal Transit Administration programs. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

B. Company Incentive Program

The City has a specific reimbursement commitment with a company that will provide reimbursements to the company for documented construction costs if the company meets certain documented benchmarks for jobs creation and capital investment by December 31, 2015. As of June 30, 2014, the company had received \$700,000 under the incentive program. The maximum amount of reimbursements available to the company over the term of the program is \$2,575,000, leaving a remaining potential balance of \$1,875,000.

The City has a specific reimbursement commitment with a second company that will provide reimbursements to the company for documented construction costs if the company meets certain documented benchmarks for jobs creation and capital investment by December 31, 2017. As of June 30, 2014, the company had received \$608,000 under this incentive program. The maximum amount of reimbursements available to the company over the term of the program is \$2,400,000, leaving a remaining potential balance of \$1,792,000.

Note 9. Comparative Data and Reclassifications

Comparative data for the prior year has been presented in certain sections of the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. In addition, certain amounts presented in the prior year data may have been reclassified in order to be consistent with the current year's presentation.

Note 10. New GASB Pronouncements

The GASB has issued several pronouncements prior to June 30, 2014, that have effective dates which may impact future financial presentations. Management is evaluating what, if any, impact implementation of the following statements may have on the financial statements of the City.

- GASB Statement No. 68: *Accounting and Financial Reporting for Pensions-an amendment of GASB Statement No. 27*. This Statement is effective for periods beginning after June 15, 2014 (the City's 2014-2015 fiscal year).

- GASB Statement No. 69: *Government Combinations and Disposals of Government Operations*. This Statement is effective for periods beginning after December 15, 2013 (the City's 2014-2015 fiscal year).
- GASB Statement No. 71: *Pension Transition for Contributions Made Subsequent to the Measurement Date-an amendment of GASB Statement No. 68*. This Statement is effective for periods beginning after June 15, 2014 (the City's 2014-2015 fiscal year).

NORTH CAROLINA'S INTERNATIONAL CITY™

CITY OF HIGH POINT, NORTH CAROLINA

General Fund

The General Fund accounts for all financial resources except those required to be accounted for in another fund. The general operations of the City, such as administration, police, fire, public services, parks and recreation, library, etc. are found in the General Fund. The primary sources of the revenues are property tax collections, licenses and permits, intergovernmental revenues, charges for services and interest on investments.

CITY OF HIGH POINT, NORTH CAROLINA

Special Revenue Funds

Special Revenue Funds account for the proceeds of special revenue sources that are legally restricted to expenditure for specified purposes. The City utilizes two special revenue funds.

Special Grants Fund

The Special Grants Fund accounts for the receipt and disbursement of all grants, including Federal, State and local grants or entitlements but excluding the Community Development Block Grant and other federal grants through US Department of Housing and Urban Development.

Community Development Fund

The Community Development Fund accounts for the revenues and expenditures associated with activities of various programs funded by the US Department of Housing and Urban Development, including Community Development Block Grant.

CITY OF HIGH POINT, NORTH CAROLINA

PROPRIETARY FUND TYPES Enterprise Funds

The Enterprise Funds provide goods or services to the general public on a continuing basis and are financed or recovered primarily through user charges. Listed below are departments accounted for in the Enterprise Funds.

Water and Sewer Fund

To provide the maximum treatment possible of our raw water and to furnish to the customer an adequate quantity of high quality and aesthetically pleasing stain-free water for home, industrial and commercial users. Additionally, this fund provides for the proper and effective treatment of all wastewater and disposal of any treatment process byproducts in an environmentally sound manner.

Electric Fund

To provide effective, professional services to utility customers and to provide expansions to the electric system from operational revenues.

Mass Transit Fund

Provide an optimal level of safe, reliable and economical transportation service for the residents of High Point while increasing the efficiency of the system.

Parking Facility Fund

The Parking Facility Fund's responsibility is for the operation and maintenance of the City's off-street parking facilities.

Landfill Facilities Fund

To provide a sanitary landfill for the citizens of the City and a portion of Guilford County. To properly handle the disposal of 170,000 plus tons of wastes annually in an environmentally acceptable manner by means of shredding and conventional landfill methods.

Storm Water Fund

To provide for the operation and maintenance of the City's storm water program, which manages storm water runoff through stream cleaning, bank stabilization, and maintenance of detention lakes and ponds.

Internal Service Fund

The Internal Service Fund accounts for the financing of goods and services provided by one department to other departments of the City. The following activities were accounted for in the Internal Service Fund:

Fleet Services

Provide the best and most economical support services to the City Fleet.

Radio Repair Shop

Responsible for the installation and maintenance of all City-owned communication systems and components.

Facilities Services

Provide maintenance operations and services for buildings and grounds of all City facilities.

Computer Replacement

Responsible for funding and replacing all of the City's computer technology.

Sources: Annual County Report of Valuation and Property Tax Levies (NC Department of Revenue) and Guilford, Davidson and Randolph County Tax Departments

Notes:

- (1) Public service companies valuations are provided to the County by the NC Dept. of Revenue. These amounts include both real and personal property.
- (2) The estimated market value is calculated by dividing the assessed value by an assessment-to-sales ratio determined by the NC Dept. of Revenue. The ratio is based on actual property sales which took place during the fiscal year.
- (3) Property in Guilford County is reassessed every eight years. The last reassessment was on January 1, 2012.
- (4) The breakdown of real property (residential, commercial, industrial) was not available from counties during 2011 & 2012.

Total net debt applicable to the limit as a percentage of debt limit	5.52%	7.12%	7.12%	9.89%

Note: NC Statute GS159-55 limits the city's outstanding debt to 8% of the appraised value of property subject to taxation. The following deductions are made from gross debt to arrive at net debt applicable to the limit: Money held for payment of principal; debt incurred for water, sewer, gas, or electric power purchases; uncollected special assessments, funding and refunding bonds not yet issued; and revenue bonds. The legal debt margin is the difference between the debt limit and the City's net debt outstanding applicable to the limit, and represents the county's legal borrowing authority.

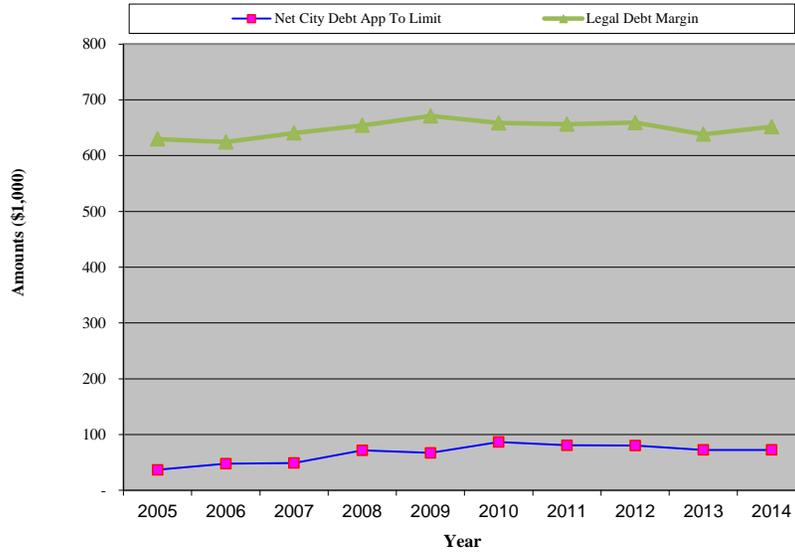

Note: Debt is presented as gross and does not include bond premiums/discounts.

**Table XVI
Direct and Overlapping Debt
As of June 30, 2014**

Name of Governmental Unit	Net Debt Outstanding	Percentage Applicable To This Governmental Unit	City of High Point's Share of Debt
City of High Point	\$ 78,034,600	100.0%	\$ 78,034,600
Guilford County	791,864,697	19.8%	<u>156,789,210</u>
Total direct and overlapping debt			<u><u>\$ 234,823,810</u></u>

Sources: Guilford County debt outstanding data provided by Guilford County. Assessed value data used to estimate applicable percentage provided by Guilford County Tax Department.

Notes: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the city. This schedule estimates the portion of outstanding debt of those overlapping governments that is borne by the residents of the City of High Point. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

NORTH CAROLINA'S INTERNATIONAL CITY™

CITY OF HIGH POINT, NORTH CAROLINA

COMPLIANCE SECTION

NORTH CAROLINA'S INTERNATIONAL CITY™

**Report On Internal Control Over Financial Reporting
And On Compliance And Other Matters Based
On An Audit Of Financial Statements Performed
In Accordance With *Government Auditing Standards***

Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council
City of High Point, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of High Point, North Carolina (the City) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the City's basic financial statements and have issued our report thereon dated November 24, 2014. Our report includes a reference to other auditors who audited the financial statements of the City of High Point ABC Board, the City's discretely presented component unit, as described in our report on the City's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors. The financial statements of the City of High Point ABC Board were not audited in accordance with *Government Auditing Standards*.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Greensboro, North Carolina
November 24, 2014

**Report On Compliance For Each
Major Federal Program And On Internal Control Over
Compliance Required By OMB Circular A-133 And
The State Single Audit Implementation Act Of North Carolina**

Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council
City of High Point, North Carolina

Report on Compliance for Each Major Federal Program

We have audited the City of High Point, North Carolina's (the City) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2014. The City's major federal programs are identified in the summary of auditor's results section of the accompanying *Schedule of Findings and Questioned Costs*.

Our audit, described below, did not include the operations of the City of High Point ABC Board, the City's discretely presented component unit. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the City of High Point ABC Board, is based solely on the report of another auditor. We are not aware of any material federal and State awards for the City of High Point ABC Board that would subject the City of High Point ABC Board to have an audit performed in accordance with OMB Circular A-133 or the State Single Audit Implementation Act of North Carolina. Accordingly, this report does not include reporting on compliance or internal control over compliance for the City of High Point ABC Board.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City of High Point, North Carolina complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and the State Single Audit Implementation Act. Accordingly, this report is not suitable for any other purpose.

**Report On Compliance For Each Major
State Program And On Internal Control Over
Compliance Required By Applicable Sections
Of OMB Circular A-133 And The State Single Audit
Implementation Act Of North Carolina**

Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council
City of High Point, North Carolina

Report on Compliance for Each Major State Program

We have audited the City of High Point, North Carolina's (the City) compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on the City's major State programs for the year ended June 30, 2014. The City's major State programs are identified in the summary of auditor's results section of the accompanying *Schedule of Findings and Questioned Costs*.

Our audit, described below, did not include the operations of the City of High Point ABC Board, the City's discretely presented component unit. Those statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the City of High Point ABC Board, is based solely on the report of another auditor. We are not aware of any material federal and State awards for the City of High Point ABC Board that would subject the City of High Point ABC Board to have an audit performed in accordance with OMB Circular A-133 or the State Single Audit Implementation Act of North Carolina. Accordingly, this report does not include reporting on compliance or internal control over compliance for the City of High Point ABC Board.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its major State programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the City's major State programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; applicable sections of OMB Circular A-133, as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the State Single Audit Implementation Act. Those standards, applicable sections of OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major State programs. However, our audit does not provide a legal determination of the City's compliance.

Opinion on the Major State Programs

In our opinion, the City of High Point, North Carolina complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major State programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on its major State programs to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major State program and to test and report on internal control over compliance in accordance with the applicable sections of OMB Circular A-133 and the State Single Audit Implementation Act, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a State program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the applicable sections of OMB Circular A-133 and the State Single Audit Implementation Act. Accordingly, this report is not suitable for any other purpose.

Note 1. The Schedule of Expenditures of Federal and State Awards includes the federal and state grant activity of the City of High Point, North Carolina and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the *State Single Audit Implementation Act*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

(continued)

CITY OF HIGH POINT, NORTH CAROLINA
SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS
For The Year Ended June 30, 2014

Note 2. Of the Federal and State expenditures presented in the schedule, the City provided federal and state awards to subrecipients as follows:

<u>Federal Grant/Subrecipient</u>	<u>Federal CFDA Number</u>	<u>Federal Expenditures</u>
Justice Assistance Grant	16.738	
Guilford County		55,514
City of Greensboro		117,442
Section 5307 Operating Grant FY13-14	20.507	
Guilford County		62,947
<u>State Grant/Subrecipient</u>		<u>State Expenditures</u>
Furniture Market Transportation		
High Point Market Authority		1,200,000

Note 3. The Schedule of Expenditures of Federal and State Awards includes \$1,536,623 in funds that were spent under a pre-award authority for FTA grants that have been historically awarded but due to delays with FTA system upgrades, sequester, the shutdown, and a delay in the submission of triennial review requested documentation, the formal approval of the grants was never completed. Because the official awards are not yet approved the receivables have not been recorded as no claim to the asset exists until the grants are approved. Therefore, expenditures have been incurred for which there is no revenue in the basic financial statements. The City showed the expenditures in the June 30, 2014 Schedule of Expenditures of Federal and State Awards to properly show expenditures in the year the expenditures occurred. This was deemed to be an appropriate approach given there has been communication from the FTA that the grants are likely to be approved. These grants have historically been awarded and operated by the City.
