

Using the **hoopla** digital app!

Step 1: Search, Download, and Install the **Hoopla Digital** app from your device's app store, then choose **Sign Up**.

The screenshots illustrate the following steps:

- Step 1:** The app's main interface with a 'Log In' button and a 'Don't have an account? Sign up' link.
- Step 2:** The 'Choose Your Library' screen, which lists several libraries: High Point Public Library, Danville Public Library (VA), Mooresville Public Library (NC), Pittsylvania County Public Library, and Charlotte Mecklenburg Library. It also includes a search bar for finding a library.
- Step 3:** The 'Account Information' form, which includes fields for Email, Confirm Email, Password, and Confirm Password. Below these fields is a section for entering a PIN, with instructions: 'Please enter your PIN in the below field. Your PIN is most likely the last four digits of your phone number.' There are also links for 'Terms and Conditions' and 'Privacy Policy'.

Step 2: Choose Your Library. If the **Location** feature is enabled on your device, you should see it in the list.

Step 3: Complete the **Account Information** form and choose **Sign Up**. **NOTE:** Your **Library Card #** should be entered with no spaces and your **Pin** is the last 4 digits of your phone number.

Step 4: Browse and borrow from over 300,000 book, music, and movie titles!

Just the facts...

There's no wait to borrow popular audiobooks, ebooks, movies, TV shows, or music albums. AND, you can checkout items up to **5 times** each month.

Tip: If it's near the end of a month, you might want to add titles to your **Favorites** list so you can start with a full month worth of checkouts.

How does it work?

Movies and TV show episodes: you get for **3 Days**

Music albums: you get for **7 Days**

Audiobooks, eBooks and Comics: you get for **21 Days**

To search, choose from one of the categories or type a title, person or series in the search box at the bottom of the screen.

You can then view the list of titles and **FILTER** the list to narrow down your

choices. You can also browse one of the featured lists scrolling at the top of the screen. Once you've found a title you want, hover over the cover, click **BORROW**, and you can begin enjoying the title right away.

The titles are automatically returned at the end of the period, so you don't have to worry about any late fees. You can also return them early.

You can stream these titles on your mobile device or they can be **temporarily** downloaded to many Apple or Android devices (see below). To see a complete list of supported devices, or for any other questions, click **Help** at the bottom of the screen.
