INAUGURAL NATIONAL NIGHT OUT KICKOFF JULY 24

HIGH POINT, N.C. (July 13, 2018) – The City of High Point Community Development and Housing Department, in partnership with the High Point Police, other City departments and community organizations, will host the inaugural National Night Out Kickoff on Tuesday, July 24 from 6 – 8:00 p.m. at the Mendenhall Transportation Terminal. This free event will highlight the neighborhood-based events happening around High Point on August 7 for National Night Out.

There will be youth activities, displays by High Point Police and Fire, music, food and information on how to get involved with the many neighborhood associations and watch groups who focus on crime deterrence and safety.

“The High Point Police Department is a proud participant in National Night Out, which we see as an annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie. It is a collaborative way to make our neighborhoods better, safer places to live. This is a great occasion for residents, organizations and businesses to plan family-friendly events as a way to encourage neighbors to get to know one another. The kickoff event not only promotes National Night Out, but it also highlights the existing relationships between the Police department and the numerous community groups and citizens that have partnered with us to employ our Focused Deterrence strategies. National Night Out is our opportunity to stand together in harmony and let criminals know that we as a city will not tolerate crime,” said Chief of Police Kenneth Shultz.

For more information please contact Community Resource Manager Michelle McNair at 336.883.3685 or michelle.mcnair@highpointnc.gov.

The City of High Point aims to serve as the catalyst for bringing together the community’s human, economic and civic resources for the purpose of creating the single most livable, safe and prosperous community in America. For more information on the City, visit www.highpointnc.gov.
