A copy of the repair bill must be included with your statement in order to receive a credit. A credit will be given after the water usage has returned to normal. This insures that a credit is given for the entire time period there was a leak.

The water loss must be at least 2 units (1,500 gallons) of water to qualify for this credit to the sewer portion of your bill.

The City of High Point reserves the right to do a field inspection.
