## **LINDSAY STREET PROJECT BEGINS APRIL 1**

**HIGH POINT, N.C. (March 29, 2019)** – As the City of High Point prepares for new downtown development, portions of local streets will receive underground utility improvements to upgrade century-old water and sanitary sewer lines. Work on Lindsay Street will begin Monday, April 1. This will be a three-phase project estimated to take four months to complete.

The first phase of the Lindsay Street project will begin at the Gatewood intersection and move south. This will require a temporary closure of Lindsay from Gatewood to Ferndale to thru traffic. Access to local residences and businesses will be maintained. The first phase is estimated to be completed in three weeks.
