CITY DISTRIBUTES ANNUAL SERVICE QUALITY SURVEY

High Point, N.C. (Jan. 13, 2021) - The City of High Point has sent surveys to a random group of High Point community members to get feedback on the quality of the services provided and potential improvements.

The City has surveyed residents for their opinion in these areas every year since 2007. The company hired to assist in this effort uses a sampling method that gets a cross-section of data from a random group of High Point community members. This year, hundreds of residents will receive surveys.

Residents who receive a survey are strongly encouraged to fill it out and return it.

The City of High Point aims to serve as the catalyst for bringing together the community's human, economic and civic resources for the purpose of creating the single most livable, safe and prosperous community in America. For more information on the City, visit www.highpointnc.gov.
