### CITY SEEKS FEEDBACK ON JAMESTOWN BYPASS ASSESSMENT

**High Point, N.C. (Jan. 5, 2021)** - The City of High Point Planning and Development Department conducted a study of the Jamestown Bypass and is seeking resident feedback on the draft assessment that has been prepared for public review. Residents are invited to join a Zoom meeting on Tuesday, Jan. 12, 2020, at 6 p.m.

Those interested in attending the meeting will need to register at [www.highpointnc.gov/VirtualPublicMeeting](http://www.highpointnc.gov/VirtualPublicMeeting). Residents can also submit questions ahead of time by sending them to [landuseassessments@highpointnc.gov](mailto:landuseassessments@highpointnc.gov) by Jan. 8, at 5 p.m.

The Jamestown Bypass is currently under construction and proposed to open in 2022. The new roadway will enhance connectivity from High Point to Greensboro by connecting I-74 and I-73. Because this road is on a new alignment, new areas will be opened for potential development and redevelopment. Due to these changes, the City of High Point conducted a land use assessment of a 1.4-square-mile area along the Greensboro Road and Jamestown Bypass corridors from Montlieu Avenue in High Point to the Jamestown town limits at the Deep River.

A complete draft of the assessment and other information can be found at the following website [www.highpointnc.gov/landuseassessments](http://www.highpointnc.gov/landuseassessments). Attendees should review the draft ahead of time so that questions can be answered during the meeting. For questions or more information, please contact Heidi Galanti, Planning Services Administrator, at 336-883-3328.

*The City of High Point aims to serve as the catalyst for bringing together the community's human, economic and civic resources for the purpose of creating the single most livable, safe and prosperous community in America.*
