Super has been hailed by critics as the “Dane Cook of magic.” Criss Angel himself praised Mike on live network television in front of millions. Ellen DeGeneres brought Mike on her show to make her appear from nothing but shadows, and he did it.

“I haven’t come out like that since the cover of TIME magazine,” said DeGeneres.

Named Entertainer of the Year for two consecutive years and the winner of NBC’s Phenomenon, Super is the only magician in history to win a live magic competition on primetime network television. He was also a top-12 Finalists on NBC’s number one-rated summer series, America’s Got Talent.
