LIONS CLUB MOBILE VISION SCREENING UNIT TO VISIT HIGH POINT PUBLIC LIBRARY

HIGH POINT, N.C. (April 5, 2022) – The High Point Lions Club is sponsoring the North Carolina Lions, Inc. 60-foot mobile screening unit for vision screenings at the High Point Public Library on Saturday, April 9, from 10 a.m. until 2 p.m.

This is a free service offered to anyone ages six and up. Any participant under the age of 18 must have a parent or guardian sign the form. No advance registration is required.

This service is a screening only and should not be confused with a complete eye exam. The screenings include a visual acuity test (both far and near vision) and a field vision test (to determine how well a person can see motion in their field of vision while looking at a fixed object). Based on an individual's screening results, a recommendation will be made to that individual as to whether they should have a complete eye examination.

“This is the first time in over ten years that the Mobile Screening Unit has been in High Point,” says Cookie Peele of the High Point Lions Club. “They are constantly booked, so we are thrilled to have them come to our community and hope for a big turnout.”

For more information about the screening or the High Point Lions Club, call Cookie Peele at 336.689.0417.

The High Point Public Library is committed to nurturing the joy of reading, sharing the power of knowledge, strengthening the sense of community, and enhancing cultural and economic vitality. The library, a department of the City of High Point, is located at 901 N. Main Street.

The City of High Point aims to serve as the catalyst for bringing together the community's human, economic and civic resources for the purpose of creating the single most livable, safe and prosperous community in America.

For more information on the City, visit www.highpointnc.gov.
