Subject: WSRP Meets Minimum Criteria
High Point
PWSID#: 02-41-020
Guilford County

Dear Rodney Darr,

This letter is to notify you that our staff has reviewed the information contained in the Water Shortage Response Plan (WSRP) update submitted by your office. Since all the required information is complete, the WSRP for the High Point water system hereby meets the minimum criteria established in North Carolina General Statute 143-355.2 (a) and 15A NCAC 02E. 0607.

The Water Shortage Response Plan must next be adopted by your water system's governing board; a model WSRP resolution is available online on the right side of the Local Water Supply Plan page at: <https://www.ncwater.org/WUDC/app/LWSP/learn.php>. Once adopted, a copy of the signed resolution must be submitted to Linwood Peele, Water Supply Planning Branch Supervisor, at the address printed at the bottom of this letter or by e-mail to the review engineer shown below. Please note, the WSRP cannot be considered compliant with the requirements of NCGS 143-355(1) until an adopted resolution is received by the Division.

Please be advised that the review process for Water Shortage Response Plans is separate from the review process for your Local Water Supply Plan (LWSP). If you have submitted your LWSP but haven't already been contacted by the Division, you will receive notification as soon as the review of your LWSP is complete.

Thank you very much for your efforts to provide your customers with a safe and reliable supply of drinking water. We look forward to continuing to work with you in these efforts. Please contact Vardry E. Austin at vardry.austin@deq.nc.gov or (919)707-9002, or Linwood Peele at linwood.peele@deq.nc.gov or (919) 707-9024 if we can be of further assistance.

Sincerely,

Karen Higgins, Planning Section Chief
Division of Water Resources, NCDEQ
