CITY OF HIGH POINT RECOGNIZES “GREEN” SHOWROOM
Market on Green wins Green Market Award for efficient handling of trash and recycling

HIGH POINT, N.C. (March 27, 2017) – On Tuesday, April 18th, the City of High Point and the High Point Market Authority will present the Green Market Award to Market on Green for their proper handling of trash and recycling during the Spring and Fall 2016 High Point Market.

A typical Market event generates over 500 tons of cardboard in addition to other recyclable material, all of which is recycled by the City. However, showrooms that comply with City guidelines help ensure that the collection of recycling and trash runs smoothly during a very hectic and busy time for the Public Services department. Market on Green consistently followed the City’s collection guidelines, contributing to the clean and safe environment that participants have come to expect.

According to High Point Mayor Bill Bencini, “Business partners like Market on Green are great for the City of High Point. By properly handling their trash and recycling during last year’s Markets, they helped make cleanup easier for our Public Services department. Businesses like Market on Green make downtown a more inviting place to come and do business for the tens of thousands of people who visit our city each year.”

The Green Market Award is presented annually, recognizing one showroom each following year. Market on Green will receive the award at 3:30 p.m. on Tuesday, April 18, at their showroom, located at 212 E. Green Drive.
