

Bounce Houses and Inflatables Requirements

Thank you for renting a picnic shelter or facility from the High Point Parks & Recreation Department. If you are planning to use a bounce house or other inflatable at a Parks & Recreation facility, please let us know when you make your reservation. For your safety, we have the following rules regarding the use of bounce houses or other inflatable devices:

- The bounce house or inflatable must be reserved from a provider that is approved by the Parks & Recreation Department. To be approved a bounce house provider must:
 1. Submit a copy of a Certificate of Liability Insurance naming the City of High Point as an additional insured for \$1,000,000.
 2. Provide a copy of their current business license.
 3. Provide a Certificate of Operation issued by the State of North Carolina.
- Parks & Recreation staff must approve the location where you would like to have it set up. We need to make sure the area you plan to put it is suitable for this use.
- The bounce house or other inflatable must be set up and removed only by trained and qualified representatives in compliance with the manufacturer's specifications.
- The bounce house company shall provide an attendant, age sixteen (16) or older, to monitor the bounce house or other inflatable apparatus at all times during the hours of operation.
- Privately owned, non-commercial bounce houses or other similar inflatable apparatus, are not allowed.
- Inflatables that use water or have water features as part of the bounce house/inflatable apparatus, are not allowed.
- In the case of unapproved, improper, or prohibited installation of a bounce house or other inflatable apparatus, the Parks & Recreation Department will require the immediate removal of the bounce house or inflatable.
