"AN ORDINANCE TO AMEND AND ESTABLISH A STORM WATER MANAGEMENT FEE FOR THE CITY OF HIGH POINT, NORTH CAROLINA

Be it ordained by the City Council of the City of High Point, North Carolina, as follows:

Section 1. The City has an established a storm water management policy, structure of fees, and storm water fee schedule and adopted the same on June 17, 1993.

Section 2. That the City of High Point revises the Storm Water Management Fee Schedule adopted June 17, 1993, as follows:

(A) That the City Council rescinds the existing storm water fee structure and schedule of fees as follows, effective March 31, 2004:

Residential Customer	\$ 1
Commercial Customer	\$ 5
Industrial Customer	\$10

(B) That the City establishes the storm water management fee to be based on the equivalent residential unit (ERU) fee structure as of April 1, 2004.

(C) That the City shall apply the following definitions concerning the rate calculation:

Equivalent residential unit (ERU)- The average impervious surface area on a single-family residential parcel. The ERU for the City of High Point is two thousand five hundred eighty-eight (2,588) square feet of impervious surface area.

Impervious surface- An area composed of any material that impedes or prevents natural infiltration of water into the soil. Impervious surface area shall include but is not limited to roofs, decks, driveways, patios, sidewalks, parking areas, tennis courts, concrete or asphalt streets, crushed stone and gravel surfaces.

Other property unit- A parcel of land that is not a single-family residential unit.

Single-family residential unit- A separate, detached building designed for and occupied exclusively by one (1) family.

(D) That the purpose of the storm water management fee is established as follows:

The storm water services division shall be funded through the operation of a storm water utility, as authorized by state law, and charges shall apply to all property within the city limits, without regard to ownership. Such charges shall be based on the presence of impervious surface area on each parcel as determined by the unit standard set forth as above. The city shall set a base rate for single-family residential units and calculate charges for other property units utilizing the equivalent residential unit as a multiplier.

(E) That the City establishes the storm water management fee as follows:

- (1) Single Family residential unit (1 ERU) \$ 1
- (2) Other property shall pay a service charge for calculated equivalent residential units (ERUs) at a rate of one dollar (\$1.00) per ERU.

(3) No charge shall be made on parcels with less than six hundred (600) square feet of impervious surface.

(4) That the storm water management fees will be assessed on the monthly utility bill.

Section 3. That all ordinances, or parts of ordinances in conflict with this ordinance are hereby repealed to the extent of such conflict.

Section 4. That this ordinance shall be effective from and after its passage."

Adopted this 4th day of December, 2003
